PRICE FIVE CENTS

**JAPS PAY BIG PRICE TO TAKE FIRST MONTH IN PACIFIC**—Initial Japanese successes outweighed those of the Allies in the first month of war in the Pacific, but heroic American soldiers, seamen and fliers in the Philippines took a big toll of enemy troops and ships while Dutch bombers and submarines hit hard at Japanese warships and transports. Map spots major actions.

## Expansion Wherever Possible

## Canadian Wartime Production To Keep in Step With U.S.

OTTAWA (CP)—Canada's wartime production will be expanded in a similar manner to that of the United States as outlined by President Franklin D. Roosevelt in his message to Congress, Munitions Minister Howe told a press conference today.

### RAISING SIGHTS

This, he said, is in accordance with the mission to North America of Lord Beaverbrook, British Minister of Supply, who has been in Washington conferring with American authorities and who met Canadian supply officials there for talks.

Mr. Howe said Lord Beaverbrook's mission was "to raise our sights on what we can produce." The Munitions Minister added that Canadian war equipment now was being used on every battlefield of the war—the Philippines, Singapore, China and in the Middle East.

Of Canada's war production efforts, he said: "We are expanding as rapidly now as at any time during the war."

Since July, 1939, contracts let by the Munitions and Supply Department totaled \$3,200,000,000. Main increase in production would be in guns, tanks and planes, Mr. Howe said.

The cargo ship program for 1942, involving production of 100 vessels of close to 10,000 tons each, was already an "all-out" program and could not be increased greatly in view of the naval construction under way.

### NEW YARD

A new shipyard for cargo vessels was being built at Esquimalt, B.C., to be owned by the government and managed by the Dominion Bridge Company. "We are expanding ship capacity just as rapidly as person-

nel and equipment permit," the minister said.

Keels were about to be laid at an eastern Canadian port for two Tribal class destroyers. This work had been delayed by other operations, but the turbines and other equipment had been in production for some time and this was well advanced.

### FACTS FOR PUBLIC

Mr. Howe said there was "nothing secret" about his talks in Washington with Lord Beaverbrook.

"What he has accomplished was indicated in the President's speech yesterday. "He discussed the same program with me and we are stretching our production in a similar way. We can do it, but not to the same extent as the United States because we were further up on full production than the United States."

## Snow and Warm Weather Bring End of Skating

The snow and rising temperatures ended outdoor skating today and brought its difficulties. Harassed fuel dealers, attempting to catch up on orders a week to 10 days behind because of the two-week cold spell, say the snow will make roads treacherous and even further slow down their deliveries.

"Sawdust," said one dealer, when queried, "it's hopeless. There is an awful shortage and most of it comes from up-Island. If this snow continues and hicks roads up there, the small chance we had of getting some will be gone altogether."

Dealers said there was nothing to worry about as far as wood and coal supplies were concerned. There was plenty of both in the city, and although deliveries would be late all demands could be met.

Service stations and automotive supply shops felt a run on auto wheel chains, many reporting they were sold out early in the forenoon.

### FURBERS IN DEMAND

Shoe and department stores stated the rubber and overshoe business picked up, the demands for men's galoshes and women's fur boots outstripping all others.

## Nazi Ship, Trawlers Sunk Off Norway

LONDON (CP)—A joint naval and R.A.F. raid was carried out Tuesday on Helle Fjord on the Norwegian coast.

A joint communiqué issued today announced one German supply ship of medium tonnage and two trawlers were sunk off the town of Florø.

A German cannery factory also was damaged, but low visibility, which made short targets difficult to see, caused naval units to do little firing at another German factory.

## Woman Sacrificed Life for Baby

Mrs. Roland Baird, 23, and her 18-month-old son, Edwin, were burned to death in a fire which destroyed their home at Port Renfrew, west coast of Vancouver Island, at 245 this morning.

Suffering serious burns, a three-year-old daughter, Rose Anne, was rushed by tug from Port Renfrew to Sooke and brought to Victoria by C and C ambulance, in a desperate effort to save her life.

Mrs. Baird sacrificed her life in an desperate effort to save her little son Edwin, trapped in the blazing home. Roland Baird had succeeded in getting his wife, badly burned, her infant daughter, Katherine, unhurt, also Rose Anne, suffering from burns, out of the house.

Learning that Edwin was still in the house, Mrs. Baird rushed back into the flaming building and was destroyed with him.

The fire, it is believed, was caused when Mrs. Baird was preparing food for her infant daughter. Katherine. Gasoline may have been used to get the fire in the stove going, for an explosion followed and the frame dwelling was quickly in flames.

It was only last Saturday that Mrs. Baird left St. Joseph's Hospital with her baby, Katherine, for their home in Port Renfrew.

Mrs. Baird is a daughter of E. Herriott of Port Renfrew, and Roland Baird is a son of Mrs. T. M. Baird, pioneer resident of the west coast settlement.

### MACHINE TURNS OVER

Kenneth Baird, brother of Roland, had an unfortunate experience while driving to Sooke in a U-drive car to meet the tug carrying the injured baby girl. His car went off the snow-covered junction of the Sooke and William Head roads, necessitating the dispatch of a wrecking car to salvage the machine, which had turned over. Baird was uninjured.

Roland Baird is one of several brothers operating the Malahat Logging Company.

## Latest Russian Drive Retakes Towns

MOSCOW (AP)—Russian troops attacking on the central front were declared officially tonight to have retaken a number of villages, including Meshchovsk, 40 miles southwest of Kaluga.

## Bag 44 Axis Planes

CAIRO (CP)—British air headquarters tonight said 44 Axis planes were destroyed Sunday in the R.A.F. raid on the Castelvetrano airdrome in Sicily.

## Finn Line Breached

HELSINKI (AP)—Russian units have penetrated Finnish lines on the east front north of Lake Onega in severe winter fighting and the Red army offensive is continuing, a Finnish war communiqué said tonight.

## More Poles Slain

LONDON (CP)—The Polish telegraphic agency, quoting German press reports, tonight listed death penalties passed on 10 Poles by the Germans in various parts of Poland and Germany.

## No Full Blackouts

CANBERRA (AP)—Australian defence chiefs believe complete blackouts throughout Australia are inadvisable at present, but that precautions should be taken for enforcement of short-notice blackouts, a government announcement said Thursday morning.

## Odium at Sydney

SYDNEY (CP-Reuters)—Maj. Gen. Victor Odium, new Canadian High Commissioner to Australia, arriving to take up his post, said today he had "never seen a finer bunch of men" than Australia's Middle East forces. "And I used to think my own Canadian corps pretty fine," the former commander of the Canadian 2nd Division declared.

## Delay Debate

VANCOUVER (CP)—An attempt by Alderman H. D. Wilson to have the city council ask the federal government to move British Columbia Japanese east of the Rocky Mountains failed today when Mayor J. W. Cornett called for a notice of motion. Under council procedure a request is not debatable when any member asks for such notice. The motion will now not come before the council for another two weeks.

### B.C. Veteran Dies

LADYSMITH, B.C. (CP)—Funeral services will be held Thursday for Rollin Chauncey Lewis, 68-year-old veteran of the Spanish-American War, who died at his home here Tuesday night.

### Joe Louis' Manager Sentenced to Jail

DETROIT (AP)—Former Mayor Richard W. Reading was sentenced to a prison term of four to five years today following his conviction by a circuit court jury on charges that he participated in protection of vice and gambling in Wayne County (Detroit).

Sentenced with him was John Roxborough, co-manager of heavyweight champion Joe Louis, who received a two and a half to five-year term. He was charged with dealing in policy slips.

## Jap Students Here In Cadet Corps

No action has been taken by the Victoria School Board to expel Japanese students from army cadet corps at Victoria junior and senior high schools, H. L. Campbell, municipal inspector, said today.

Japanese students at the University of British Columbia have been ordered to turn in their Canadian Officers' Training Corps uniforms.

Commenting on the action of the university, Mr. Campbell said the O.T.C. was a military organization while the school cadet corps were educational. If action is taken to expel Japanese from cadet corps here it will have to be taken by the school board, Mr. Campbell said.

## Jap Thrust at Indies Next Allies Marshal Sea Forces

Associated Press

Vice-Admiral Sir Geoffrey Layton, commander-in-chief of Britain's Far Eastern fleet, has left Singapore to organize the eastern fleet "so the Allies may gain sea supremacy in the Far East as soon as possible," it was officially announced today.

Meanwhile it appears evident Japan's next goal is the Netherlands East Indies. A U.S. war department communiqué today reported sea-borne invasion armies in the Philippines have massed a powerful striking force at Davao Bay, 600 miles from Borneo and 400 miles from Celebes.

A Rome radio report heard in London indicated the thrust may already have started, declaring strong forces of Japanese parachute troops have landed on the east coast of Netherlands Borneo.

### N.E.I. Naval Base

### Target of Bombers

East Indies headquarters at Batavia reported a formation of eight Japanese flying boats attacked military objectives Tuesday night on the island of Ambon (Amboina), site of a major Netherlands naval base, 800 miles south of Davao. The bulletin also noted lively aerial reconnaissance over the far-flung archipelago—often the tip-off of an impending invasion—with the announcement that "enemy planes were observed over various parts of the outer possessions."

Tokyo Imperial headquarters said Japanese troops who landed several days ago at Brunel in British North Borneo, adjoining Netherlands Borneo, were "extending their field of operations."

A U.S. War Department communiqué disclosed Japanese naval units massed in Davao Bay included a battleship, five cruisers, six destroyers, 12 submarines and 12 transports—obviously a greater force than would be needed merely to support new landing operations in the Philippines.

Davao, at the southern tip of the Philippines, lies 600 miles below the Manila fighting sector where Gen. Douglas MacArthur's forces were reported still holding the Japanese at bay on the approaches to Batan Peninsula.

### Bombings Interfere With Japs' Moves

Washington military observers said Monday's assault by U.S. army-bombers on Japanese warships at Davao probably signalled the opening of a systematic Allied bombing campaign to prevent Japan from using Davao as a base for an attack on the Indies. Further supporting the belief Japan's war lords planned an attack on the colonies—possibly to attempt to use them as a stepping stone to Australia—was the report Gen. Sir Archibald Wavell, newly-appointed Allied commander-in-chief in the Far East, would make his headquarters in Java, where the Indies capital, Batavia, is situated.

With a tiny but highly active fighting force, the Indies have already destroyed a total of two Japanese cruisers, two destroyers, 15 transports, two merchant ships and 15 planes in the month-old Pacific conflict, it was officially announced.

In addition, two Japanese cruisers, two destroyers, four transports and nine planes have been damaged.

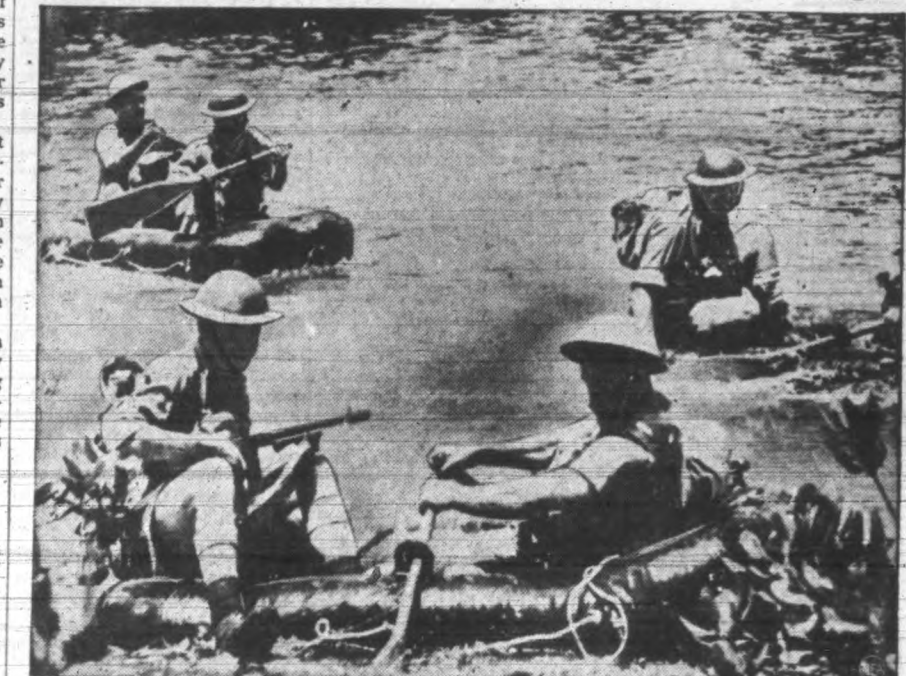

Imperial Tokyo headquarters—whose acknowledgment of losses, incidentally, has been meagre—admitted today another Japanese submarine has been sunk in the Pacific and cruiser damaged in an attack by Allied aircraft.

The Malaya situation continued serious. Japanese forces fighting their way down the peninsula inched closer to Singapore today as the British command announced for the third successive day that defending forces had been compelled to withdraw southward under the steady battering of the invaders.

Heavy fighting was reported on the lower Perak front, where a communiqué said the Japanese had launched an attack this morning—supported by mechanized units—and had succeeded in penetrating the British lines at one point.

On the opposite side of the peninsula, where the Japanese Tuesday captured Kuantan, the

## Singapore Defenders Slog Malay Swamps

Australian troops use tiny boats on forest streams for quick transit through the roadless Malayan jungles. These are some of the British Empire troops defending the approaches to Singapore.

Advancing through the swampy jungles of Malaya, wary troops of the British 9th Gurkhas, pictured on manoeuvres, now battle Japanese invaders of the peninsula.

## CANADIANS BOMB NAZI COAST, SHIPS

LONDON (CP) — Canadian bombers joined R.A.F. raiding formations Tuesday night and started fires in Cherbourg. The raiders, flying big Wellingtons of an R.C.A.F. squadron, pressed home the attack in the face of bad cloud conditions and encountered some ack-ack fire. One of the planes which successfully bombed the big port of occupied France was piloted by Sgt. J. Foy, Janky Torontonian.

## Canadian Scots Form Brigade

SOMEWHERE IN ENGLAND (CP) — Defence of several vital airports and vulnerable points in Britain's southern bulwark has been entrusted to the Canadian Highland Brigade — first formation of its kind in Canadian army history.

The 3rd Division men, commanded by a Toronto Brigadier who led a central Ontario Highland regiment into France and out again as the Republic collapsed in June, 1940, went from their English training camps to their important positions in the Canadian Corps line.

Fighting in Malaya underlined the need for airport defence as the air invasion of Crete did last spring, and the Canadian Highlanders from Ontario and Nova Scotia look on their new task as a valuable operational job.

A Nova Scotia regiment has a major assignment in air defence. Day and night, planes sweep overhead, heading south with bombs and bullets for Germans. It is these aircraft and their stations that the Canadians protect.

## Cold in U.S. Midwest

CHICAGO (AP) — The mid-western United States experienced the most frigid weather of the winter early today, with temperature far below the zero level. Coldest in the entire midcontinent in the 12-hour period ended at 6.30 a.m. appeared to be Butte, Mont., with 34 below zero.

## Roosevelt Asks for \$56,000,000,000

# U.S. War Budget to Give Allies 'Crushing Equipment Superiority'

WASHINGTON (AP) — Speaking the determination of the United States to "pay whatever price we must to preserve our way of life," President Roosevelt called today for a war budget of \$56,000,000,000 for the next fiscal year, \$9,000,000,000 of new taxes on top of all existing taxes and unprecedented borrowing that would send the federal debt above \$110,000,000,000.

"This is a war budget," he said in his annual budget message to Congress, "its magnitude and composition depend on events at the battlefronts of the world. Nothing short of a maximum will suffice. I cannot predict ultimate costs because I cannot predict the changing fortunes of war."

The message was read to Congress by clerks.

The President added at a press conference that it was the biggest budget in the history of the world. Government estimates indicated it was nearly double Germany's annual war expenditures. It called, the President said, for a step-up in the rate of war spending from the current \$2,000,000,000 a month to \$5,000,000,000 a month.

To the United States armed

forces and their Allies the President promised the budget meant "a crushing superiority of equipment."

To the public he said it meant heavy new taxes because "a fair distribution of the war burden is necessary for national unity."

**Conveniences, Luxuries to Go**

It also meant, he declared, that the people would have to do without "many conveniences and luxuries" so that the nation may "shift" labor, materials and facilities from the production of civilian articles to the production of weapons and other war supplies.

Technically, the budget concerned only money to be paid out of the treasury. However, in setting up the \$56,000,000,000 war program, the President said that beside an estimated \$32,786,386,000 out of the treasury, he believed an additional \$3,000,000,000 would be spent out of the purses of the Reconstruction Finance Corporation and other non-budgetary agencies for war purposes.

The treasury budget called for total expenditures of \$59,027,992,300 in the fiscal year beginning next July 1. This included the huge war item plus \$1,750,000,000 for interest on the public debt and reduced allotments for work relief, farm aid, governmental running expenses and other nonmilitary costs.

To pay for this, the President estimated there would be \$18,487,200,000 of taxes from existing tax laws, asked \$7,000,000,000 of new general taxes (not counting increased social security taxes, which do not count as revenues), and proposed borrowing of \$35,540,792,000 from social security and other government trust funds and from the public.

In the current fiscal year ending June 30 next, he figured, treasury expenses would total \$30,675,796,162, including \$23,996,325,400 for defence, and calculated taxes would yield \$11,943,993,000, leaving a deficit of \$18,731,802,162 to be covered by borrowing.

This meant the first Great War spending peak of \$18,522,000,000 will be passed this fiscal year and approximately tripled next year.

**Asks \$13,600,000 To Open Program**

The President asked Congress for an initial appropriation of \$13,600,000,000 to get the huge new war program under way, and said he would ask for additional large amounts as the

# Russians Drive to Trap Germans at Sebastopol

Associated Press

Sea-borne Russian troops, striking back into the Crimea at many points, were reported tightening a trap around Hitler's siege armies at Sebastopol today, while on the central front, retreating Nazi forces were said to have left 10,000 dead on the battlefield and yielded 372 towns in five days, Jan. 5.

At the same time the Germans acknowledged a heavy Soviet push in the Donets river valley, the Ukraine against the industrial city of Kharkov.

A bulletin from Hitler's field headquarters claimed Russian troops who landed from barges at Yevpatoriya, had been wiped out "in brick house-to-house fighting."

Countering the German version, a BBC broadcast reported that the Russians had established a beachhead, that "heavy fighting is going on along the shore" at Yevpatoriya, and that German forces were moving north from Sebastopol to combat the threat at their rear.

In the Ukraine, Hitler's headquarters admitted the Soviet counter-offensive had breached German lines northeast of Kharkov, but declared German troops counter-attacked and succeeded in straightening out the front.

Meanwhile, diplomatic quarters in Turkey said general mobilization was under way in Rumania and Hungary, with the Germans trying to muster all possible manpower to check the retreat in Russia.

which lies 250 miles northeast of Taganrog.

Russians said the entire Kerch peninsula was now cut by Red army forces which had struck north from Feodosiya.

Visits of high Finnish leaders to Stockholm heightened belief that perhaps Finland was about to try for a separate peace with Russia. A Berlin dispatch to a Swedish newspaper said the Russians had recaptured Finnish-held Hogland Island in the Gulf of Finland.

From the main northern anchor at Leningrad, the Russian line extends 280 miles southeast of Vyssokoe, 45 miles west of Kholm; thence through Staritsa in a sweeping arc menacing German-held Moshensk, 37 miles west of Vyssokoe, with Soviet troops striking from Volokolamsk, Narva, Leningrad, Borovsk, Maloyaroslavets, Kaluga and Moezelsk. Moezelsk knives into German-held territory 140 miles southwest of Moscow.

From Moezelsk, the line runs southwest to Belev; then 150 miles southeast to Tim. 40 miles east of Kursk; thence 280 miles south along the Donets river to near Stalin, and southeast 80 miles to Taganrog on the sea of Azov.

**ENTIRE PENINSULA**

The BBC said Russian troops had crossed upper Donets — perhaps in the region of Kharkov, spirit which animates poorer countries.

**SOUTH AMERICA JUBILANT**

Of an opposite tenor was the reaction from South America. Said Diario Cartago, of Rio de Janeiro: "The President's message was a magnificent document evidencing confidence in the United States' moral resources, its endless material resources, and the admirable energy of its people."

## Axis People Not Told U.S. Arms Figures

Associated Press

While the United Nations and their friends today showed a lift in morale, resulting from President Roosevelt's address to Congress, Italian authorities called his program for 185,000 planes and 120,000 tanks in 1942 and 1943 "sensational, spectacular, of a typical North American brand," but expressed disbelief in its realization and carefully kept the figures out of the controlled press.

German commentators vaguely referred to it as a "fairly substantial" speech, but said in general it was merely a warmed-up version of old Roosevelt speeches. Germans, too, were not allowed to know American production plans.

Stefani, the Italian news and propaganda agency, said the stupendous armaments yet to be made would come too late because of "decisive military events which are about to occur."

A German commentator heard by NBC in New York assured his listeners the United States would be unable to carry out its arms program, and would only suffer disorganization of its economic system. He mentioned none of the President's figures.

The Spanish press gave the address front page headlines. The only paper commenting, ABC, questioned why such vast armaments were being built so late in the war and said they were insufficient to overcome "the

## Japs Say Changsha Only Minor Affair

TOKYO (Official Broadcast Recorded by AP) — A Domei dispatch from Hankow, quoting an announcement of Japanese army headquarters for central China, said today Japanese forces had begun their withdrawal from Changsha, having "accomplished their objectives."

The dispatch claimed the Japanese expedition penetrated Changsha Jan. 1 and by Jan. 4 had completed its task of cleaning up "enemy objectives," both inside and outside the city.

(Chungking has announced the Japanese are retreating northward from Changsha, capital of Hunan province, after suffering there one of the most disastrous defeats of the 4½-year-old war. The Chinese said the enemy had suffered 30,000 casualties.)

**Wind Speed**

The highest wind speed ever registered in the British Isles was in January, 1920, when 112 miles an hour was recorded at Quilly, County Chase, Ireland.

## Reds Tell Nazis To Desert Leaders

LONDON (CP) — The Soviet embassy disclosed today that the Red air force has been showering retreating German forces with millions of leaflets advising them to "save their lives by desertion" and carrying a "pass to safety" on the reverse side.

This is the advice the leaflets are giving the Nazis:

"Stay away from your commanders. Try to lag behind the others. The Russian population will help you and hide you if you present the pass on the reverse side of this leaflet."

"Expose a toe or finger to the cold and try to get it frozen. It is better to lose a finger than your life."

"Put your rifle out of commission and do the same with the motors or cars, tanks and planes."

"Carry out orders as slowly as possible."

"Slip away when sent on a scouting trip."

"Stay in your dugout during attacks."

"The best way of all is to come over to the Red army. We receive every voluntary prisoner as a brother."

## Blaze Guts Stores Of Alberta Town

DELIA, ALTA. (CP) — Ten stores and shops were destroyed by fire early today at this little town, 106 road miles northeast of Calgary, and the losses unofficially estimated at \$200,000.

The blaze, breaking out midway along the block of business blocks on the east side of the main street, destroyed most of the business buildings.

The small town's fire-fighting equipment — four chemical engines — could not control the flames. All citizens in the town fled in the fire fighting, but no injuries were reported.

## Stock Reducing Sale

## London Hails F.D.R. Speech

### Attack on Germany Forseen by Britons

LONDON (CP) — President Roosevelt's declaration that an American expeditionary force would be sent to Britain has "cinched" long-voiced predictions of a frontal assault this year, on Germany, qualified London observers said today.

Noting the presence of 2,000,000 fully-trained troops, including Canadians and Empire forces, already in these islands, plus 1,700,000 Home Guards ready to stand off any Nazi invasion, these informants asked:

"What other reason could there be for American contingents here unless it be to use Britain for a jumping-off place against the heart of the Axis?"

#### NEW BASES

They pointed further to bases under construction in Northern Ireland and strong United States forces in Iceland to support the contention that a British-American expeditionary force eventually would menace Germany from the west.

"With the Russians battering the German war machine in the east," it was said, "Hitler at last would be confronted with a gigantic allied squeeze play."

Mr. Roosevelt's A.P. announcement was emphasized in London newspapers with big headlines, typical of which was this one: "U.S. will send army to Britain."

The BBC promised the Ger-

mans would be told about President Roosevelt's speech to Congress as he hoped they would be.

"Dr. Goebbels may try to stop them listening to their radios," the BBC said in a broadcast. "He may jam every program he can, but rest assured that Germans will know. Hour by hour the message will go to them from powerful British transmitters."

The London Daily Mail described the Roosevelt program as "staggering in size and boldness" and asserted: "It will certainly stagger the Axis."

"To us," the newspaper said in its editorial, "it gives a pledge of mighty help and assurance of final victory. One promise alone brings special rejoicing. It is the promise that American land, sea and air forces will be stationed in the British Isles."

"At last we can feel we are no longer alone. The Yanks are coming!"

Chinese pride swelled at his praise of Gen. Chiang Kai-shek's armies and hopes soared that the arsenal of democracy soon would provide the tools China has needed so badly for a knockout blow against her better-equipped foe.

## Churchill's Craftsmanship

By ELMORE PHILPOTT

### CHURCHILL, AS A VOICE

Mr. Churchill scored one of the greatest personal triumphs of modern times in his speech to the American Congress. I think the explanation was threefold. He had his audience with him as a man, as a statesman, and as a craftsman.

The whole free world owes a great debt to Winston Churchill, the man, for what he did after Dunkerque. He touched the most sudden soul with some spark of his own unconquerable spirit.

But American Congressmen must naturally have looked at Churchill in another sense—as that of a fellow-professional in the difficult field of politics. He, for instance, had done what every young Congressman or M.P. must dream of doing—identified himself sincerely with a cause which carried him to the highest place in his profession. For, if ever a man came to power because he had told his nation the truth, that man was Churchill. That the truth had been unpopular and unwelcome at first, only to be substantiated finally by a tidal wave of proof, would deepen the respect of his political listeners.

Finally, Mr. Churchill's speech to Congress was itself a model of craftsmanship. Indeed, it will probably go down in history as the classic example of a great speech on a great occasion actually doing a great job.

#### SCIENCE AND ART

Notice how Mr. Churchill sincerely and skillfully follows the rules of good craftsmanship in public speaking.

He begins by establishing a bond of sympathy, or understanding, between his audience and himself. He refers to his American mother "whose memory I cherish across the vale of years." No speaker ever said more in better words. Then he builds a bridge of laughter right into the hearts of all his political listeners by remarking that if his father had been the American "I might have got here on my own."

I would bet that every single sentence built up an instantaneous picture of Churchill in the senate—how they would have liked to see him there—friend or foe. For politics really is what they call it—a game—and here was a fellow who knew his stuff.

One could go right on through Churchill's speech and show how it follows all the rules of good craftsmanship—be sincere, be clear, give them something in such a simple phrase that they can't forget it.

There are people who do not like analyses of technique. They like to think that Mr. Churchill's speeches pour out of him like water out of a tap. They seem to imagine that deliberate application of good technique to the job of public speaking somehow lowers its standard of sincerity.

Of course, this is ridiculous. All good public speakers work over their best speeches with as meticulous care as a good cook works over a good meal. And if, on rare occasions, people can make

impromptu speeches that are masterpieces it is because those people are masters of the subject about which they speak. They may be able to "turn on the tap." But someone has gone to infinite pains beforehand to get the "water" all ready to pour out.

#### WORDS AS WEAPONS

I happened to hear, years ago, that Mr. Churchill was one of the few people in public life anywhere who actually memorized his most important speeches word for word. I think almost all authorities agree that this is bad practice for the vast majority of people—partly because almost all such memorizations, when made, sound artificial, like recitations.

Anyway, as James Johnson says, in "Westminster Voices," Mr. Churchill "stands over his arguments and phrases like a general stands over his army."

Incidentally Johnson's criticism of Churchill—that his voice ruled him out as a great speaker—now seems ridiculous. His unique pronouncement of "Nazi" is worth an army corps in this battle of ideas. We have here a classic example of how times make the man. For the growing quality in Churchill's voice gives the world a mental picture of John Bull with bulldog courage.

Churchill, like many other noted speakers, started with real handicaps in speech. His inability to pronounce "sh" as in shibboleth was so notorious that when the Boers advertised his escape at the time of the South African War they included that item for identification.

## ROMMEL QUILTS RETREAT EFFORTS

LONDON (CP) — Reliable sources today expressed the belief Lt.-Gen. Edwin Rommel had abandoned all hope of retreat in North Africa and was girding his Axis forces in the Agedabia area for a final stand.

It was acknowledged he would have at least this in his favor: the flat terrain, with clay spots forming natural landing places for fighter planes, would help aerial defence.

The German supply line with Tripolitania presumably has been cut, or at best has been made insecure by the R.A.F., but it was thought the Axis might be getting some supplies across the Gulf of Sirte by night.

A military commentator here said today British Empire troops captured a large store of Axis ammunition concealed in a tunnel at Bardia after the recent seizure of that German-Italian stronghold on the Cyrenaican coast.

He said, however, that the ammunition, as well as captured weapons, was not likely to be of great value because it "is not feasible to try to train men to handle unfamiliar weapons unless a steady supply of ammunition is available."

#### Indian Gold

While no one can accurately estimate the amount of gold hoarded in India, the common estimate sets it at more than \$5,000,000,000.

# Sale Prices Alone Mean NOTHING!

## DO YOU NEED A NEW DRESS?

No good looking at the sale prices, of which this paper is full. You must compare quality, style and finish as well as prices. And when we tell you that many of Mallek's finest New Dresses are cut as low as HALF you'll know that here IS Value with a capital "V." Hundreds to choose from at EVERY price.

## DO YOU NEED A NEW COAT?

Here again you MUST compare the Coats themselves as well as the prices. Our loveliest NEW Coats, both fur-trimmed and plain, sports-and-dressy styles, a great many of them at HALF OUR REGULAR PRICES. When (NEXT) winter comes you'll be ticked that you took our advice (if you do).

## DO YOU WANT A FUR COAT?

Then give yourself the tremendous advantage of choosing from one of the largest and finest stocks in all the west. Take advantage of our prices that are much less than they should be considering the scarcity of really Fine Furs—and then, if you can, take advantage also of our further 10% discount for cash. (This on Furs only.)

## New Plan Overcomes Dud Oil Drilling

STATE COLLEGE, Pa. (AP) — A new method of prospecting for oil was announced today by Dr. Sylvain J. Pirson of the Pennsylvania State College, who said its use would save 1,000,000 tons of steel a year, "or enough to build 30 battleships."

The associate professor of petroleum and natural gas engineering called his method the "geodynamic process" and said it had been successful in 80 per cent of its tests. The process was tried out last year in the northern Pennsylvania fields. He described it as based on measur-

ing the amount of gas escaping through the earth's surface. Geologists explained much steel is lost in tubing sunk for "dry" holes—those in which no oil is found—and that could be saved if advance tests were adequate.

Dr. George H. Ashley, chief of the state's bureau of topographic and geologic survey, explained Pirson's method was based on analysis of soil.

"It apparently depends on finding a certain amount of hydrocarbons that could be explained only as coming from oil and gas deposits," Ashley said. "The method of measuring is his own secret."

War needs, Pirson said, may require an increase in production over 1941 "of from 250,000,000 to 750,000,000 barrels."

"For the production of this flood of oil, it will be necessary to drill at least 30,000 new wells in 1942. Under the old methods this would require 6,000,000 tons of steel."

## Reforming Units Lost at Hongkong

OTTAWA (CP) — The fighting formations of the Winnipeg Grenadiers and the Royal Rifles of Canada from Quebec, units which defended Hongkong against the Japanese until fighting ceased in that Pacific outpost, are to be reconstituted, the Defence Department announced today.

Orders have been issued to the officers commanding the second battalions of those two regiments to mobilize men from their reserve formations for active service to replace their first battalions.

"As soon as the loss of Hongkong became known, we immediately reconstituted to have these two units reconstituted in recognition of their magnificent defence against great odds."

The preliminary arrangements and plans were immediately put under way and the department considered it most appropriate to join in the action suggested, in order that the fine traditions of these two splendid regiments should be kept prominently to the fore in the active army. It is the intention that these arrangements should be pushed to completion as soon as possible.

The first battalions of the Grenadiers and the Royal Rifles arrived in Hongkong in mid-November under the leadership of Brig. J. K. Lawson of Ottawa.

They fought on against overwhelming odds until the defence authorities of the island decided further resistance to the Japanese was pointless.

It is expected considerable time will elapse before official word of total casualties suffered by the Canadians will be received.

#### New Britain Bombed

CANBERRA (CP) — Japanese bombers Tuesday night attacked an Australian Air Force airbase at Rabaul, on New Britain Island, in the Bismarck Archipelago, 800 miles north of Australia, but did little damage, and caused no casualties, a Royal Australian Air Force communiqué said today.

Rabaul was attacked twice by Japanese air raiders last week-end.

Research experts say that besides its value as a food, wheat can be utilized in 20 industries.

## War Brings Change

### Silver Cans May Replace Tin for Preserved Food

OTTAWA (CP) — It may yet be that Canadians will be eating fruits and vegetables preserved in silver cans instead of tin cans before this war is over, authoritative officials indicate.

One source told the Canadian Press that experiments looking toward the use of silver instead of tin because of the tin shortage now are under way. If they are successful they may lead to silver tins for canned fruit and vegetables, and already silver has replaced tin in some small articles on an experimental basis.

Silver, generally considered one of the precious metals, is one of the few metals of which Canada and the United States have a large surplus. Demands for tin, on the other hand, far exceed the supply and drastic government orders have been issued to restrict its use.

In Canada experimental work has so far been confined largely to using silver as a base for solder, but in the United States experiments are being conducted in the use of silver for a base in tin cans.

#### PROBLEM GROWS

A large part of Canadian farm produce is canned and it has already been recognized that shortage of cans will be one of the most serious problems canning companies will face in 1942. It is likely that bottles will be used to a larger extent than before, but this change is not likely to provide a complete solution for the tin shortage.

Warning was recently sounded by Metals Controller George Bateman, who said the government would "endeavor to provide enough tin for the canning industry, but it will be necessary to prohibit the use of tin for packaging foodstuffs where other materials can be substituted."

Restrictions were placed last month on the use of tin in the manufacture of solder.

Canada's silver production, estimated for 1941 at 20,437,196 fine ounces, with a value of \$7,813,000, is mined largely as a by-product of British Columbia lead and zinc mines and Ontario gold mines.

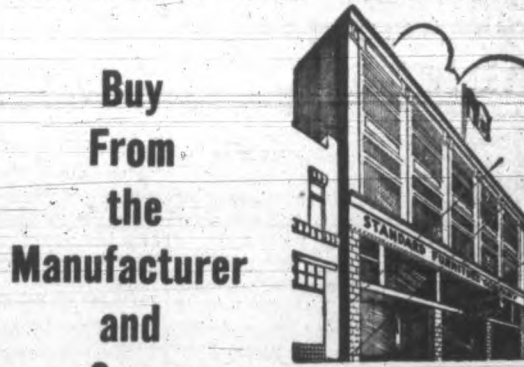

Most of the Canadian silver goes to the United States, which has created large reserves to

## Liberal M.P. Sees Conscription Coming

TORONTO (CP) — Fred G. Hohlitzel, Liberal M.P. for Toronto-Eglinton, said in a statement Tuesday night: "It has always been my opinion that selective compulsory service is the only fair and honest way for a nation to allocate its manpower in time of war."

His statement said further in part: "Although I have no inside knowledge which you people do not possess, I think it is safe to assume that the government of Canada sees this issue clearly and the coming session of Parliament will likely see this hampering measure removed."

## 'State of The Union'

HAD EVEN THE MOST REALISTIC American been told five weeks ago that Mr. Roosevelt's 1942 "report upon the state of the Union" would provide for a spending program of \$56,000,000,000 in the next fiscal year, he probably would have fainted. Not even his familiarity with the astronomical figures now almost flippantly associated with modern war's financing would have provided sufficient cushion for the shock. But the President has spoken. He has told the world what his country proposes to do in the next two years toward the construction of the coffin into which the 26-nation coalition has resolved to toss all the crooked and brutal plans and hopes of the Rome-Berlin-Tokyo Axis—and bury them forever.

Mr. Roosevelt announced that he had ordered the "appropriate departments and agencies" of his government to begin the production of planes, tanks, anti-tank guns, and merchant ships for the year just begun and for the following 12 months on the basis set out hereunder:

	1942	1943
Planes	50,000	125,000
Tanks	45,000	75,000
Guns	20,000	35,000
Ships (tons)	8,000,000	10,000,000

In the foregoing simple but staggering statistical table—and how it will stagger, the Axis—lies not only the answer to Pearl Harbor but also new hope for the complete and final deliverance of mankind from the menace, paradoxical as it may seem, of permanent militaristic autocracy. It is a program of practical production of a variety of equipment which, in conjunction with the accelerated output of the British Empire and Russia, may be taken as the natural corollary of Mr. Roosevelt's pledge that "as our power and resources are fully mobilized, we shall carry the attack against the enemy—we shall hit him and hit him again wherever and whenever we can reach him."

Nor need the figures the President has set as the mark of achievement in 1942 and 1943 be regarded as staggering as they may appear on first thought. Although, perhaps, the argument may be neither conclusive nor altogether convincing, it can be said confidently that a nation with a current registration of 25,000,000 automobiles can adjust its heavy and subsidiary industries to the performance of almost any mechanical task, no matter what its magnitude.

### And What It Means

WE DO NOT KNOW AND WE SHALL NOT be permitted to learn what effect the foregoing 24-month war production program will have on the peoples of the Axis countries, or on the millions of innocent victims of totalitarianism's New Order in the lands enslaved by mankind's chief enemy—Adolf Hitler. It should not be drawing too exaggeratedly on simple deduction, however, to essay the prediction that many millions of Germans still in possession of more or less normal mental equipment will find little difficulty in evaluating the potentialities of Mr. Roosevelt's reading of his country's national barometer. Those Germans, for example, who have visited the United States, those citizens of the Third Reich who have not forgotten the sequel to a decision reached by a former President and Congress—almost a quarter of a century ago—and even those who are charged with the onerous task of doing their Fuehrer's will on land, in the air, and on the sea, must realize that when 130,000,000 Americans set their hands and hearts to any task—especially one involving life and liberty—they will see it through.

Those Germans now know what to expect; many of them will probably reconsider the shrieking and unfulfilled promises of their Fuehrer and try to balance them against the plight of his armies in Russia—and, perchance, in conjunction with the prospect that still more cannon fodder will have to be pressed into ersatz field-grey to meet the adventurous, clean-living, liberty-loving clear-minded youth of the New World. Even millions of Japanese may still have retained a sufficiently elastic perspective to enable them to see beyond the temporary dividends which treacherous surprise is paying in the Southern Pacific. News of the third defeat of their Emperor's legions at Changsha may not improve the national digestion as a hungry people are called upon to masticate Mr. Roosevelt's heavy fare for the next two years. Hitler's "merest utensil" in Rome, of course, no longer counts; but even his regimented dupes may one day find a way of ridding themselves of this tool of "his master's will." Taken all in all, then, this year's survey of the state of the American Union is the final notice to the Axis world that its New Order faces its inescapable doom.

## Action Necessary Now

ACCORDING TO A DISPATCH FROM the Vancouver Daily Province's Ottawa correspondent "the Japanese situation is receiving constant attention here, and though there is no suggestion of alarm in official circles, one aspect of the situation is regarded with disapproval." The public is then informed that the Department of External Affairs objects to what it calls an "anti-Jap campaign" and—whatever it may mean—that Alderman H. D. Wilson, as "anti-Jap leader" in Vancouver, is a "thoroughly bad influence."

We are not interested in any exchange of pleasantries between Alderman Wilson and other folk or newspapers; but we are concerned about the alarm which is so obviously exercising the minds of the vast majority of the people of British Columbia. And has it not occurred to those who still would have us be so "nice to the Japs" that Canada is part of a world organization pledged to eliminate every form of totalitarian philosophy wherever and whenever it raises its ugly head? Do they imagine that the progress of the Battle of the Continents can be influenced by parochial tightrope-walking? And one way to be "kind to the Japs" would be to segregate them on sensible lines that would insure their safety and, at the same time, insure to them decent treatment under the circumstances.

Incidentally, that able and careful news analyst, Elmer Davis, declared last night he had received information indicating that Japanese invaders of British Malaya are treating the civilian population as they treated the Chinese population of Nanking and other Chinese communities which have been ravaged by Nipponese soldiery. Do any of our readers remember any of those incidents? We think they do. Action should be taken now to prevent in this province what so many fear.

## All Felt Secure

SEVERAL NEWSPAPERS HAVE JUST reached us from Hongkong, Manila and Honolulu—all published either in the last week of November or in the first week of last month—and the editorial tone of most of them reflects almost complete confidence in ability to meet successfully any challenge Nippon might feel inclined to issue. The following is part of a leading article in the Honolulu Advertiser for Dec. 3:

"The immediate future of U.S.-Japan relations is gloomy. Mr. Saburo Kurosu, Ambassador Nomura are but diplomats, and capable ones, but their power does not transcend that of Japan's army and navy. Unless there is an immediate and complete reversal of Tokyo policy, the die is cast—Japan and America will travel down the bloody road to war. Such a course should be set for Japan to contemplate. She is the most vulnerable nation in the world to attack and blockade. She is without natural resources. Four years of war already have left deep scars. She has a navy, but no air arm to support it. She does not have one mechanical division in her entire army."

Four days after the people of Honolulu had read the foregoing—feeling quite sure of themselves and believing with the rest of the democratic world that everything was in readiness for anything the Japanese might start—the Oriental Axis partner struck. They now know, and we know, how carefully the men of Tokyo had prepared their treacherous surprise. Happily we have not been pestered by the dogmatists with their "I-told-you-so" wisdom.

Some of the internationally-reputable military, naval and aeronautical experts have told us in their widely-distributed syndicated columns in New World and Old World newspapers for the last year or so that our neighbor would have little difficulty in "cleaning up" Japan once the job had to be tackled. We now know why both Washington and London wanted more time to prepare for war in the Pacific. Mr. Churchill and Mr. Roosevelt and their competent advisers knew a great deal more than it was advisable to make public. But the "smart" men of Tokyo have begun something they will not be able to finish according to their plan.

Toronto has an outbreak of campaigning on the part of Board of Control members for a 5-cent car fare, instead of four for 25 cents as now. One controller proposes eight tickets for 25 cents, at working hours. No one can believe there is any chance of cutting car fares in Toronto or anywhere else. The fact is Toronto candidates habitually talk lower car fares and an annual civic election was again in the offing.

## TRAGIC OVERCONFIDENCE

From New York Post  
The appointment of Gen. Pownall to succeed Gen. Brooke-Popham in command at Singapore was an indicated step, like the relief of Gen. Short and Adm. Kimmel at Hawaii.

Admiral Tom Phillips, who went down with his ships, was the man mainly responsible for the disastrous loss of the Repulse and Prince of Wales, which has exerted so evil an effect on the fortunes of the Allies in the Far East, but Brooke-Popham is a close runner-up.

As commander-in-chief, he should have insisted that the two battleships have aerial escort, whether they wanted it or not; as an air officer, he should have known they needed it.

There is also some evidence that he was pretty complacent and overconfident about the ability of the forces under his command to keep the Japs altogether about Malaya. British determination to do some hard fighting along the ground is expressed by the arrival of an artillery officer; and we shall doubtless see the Australians in action there soon.

## Bruce Hutchison

### ORATORS

IN THE LAST few weeks the public (with no admission charge) has been able to hear the two greatest orators of our time, Messrs. Churchill and Roosevelt. Also, the movies, with extraordinary speed, brought pictures of Mr. Churchill to Victoria within two days of his speech to the Canadian Parliament and, to anyone who has not seen this incomparable word master, they are surprising. That is to say, in the informality of his manner as compared with the almost antique formality of his words.

The contrast between his method and Mr. Roosevelt's is particularly striking. You might almost say, indeed, that Mr. Churchill is more typically American in his approach than the President. Where Mr. Roosevelt stands solemnly before the pulpit and carefully reads his speeches, with hardly a gesture, Mr. Churchill tugs at his coat lapels, plants his hands on his hips, waves his arms occasionally and behaves almost as if he were talking to a small group of friends in a drawing-room.

Yet the origins of Mr. Churchill's oratory are to be found far back, beyond the Victorians, beyond even the Georgians and the Elizabethans. His speeches, their manner of construction, their choice of adjectives, are out of the English Bible. You might say that Tyndale, who was the real author of the New Testament as we know it (and gets small credit for the greatest work of literature) was the preceptor and model of the British Prime Minister who fights a modern war of airplanes.

## PICTURES

The great art of the men who wrote the Bible (using most of Tyndale's stuff without credit) was their ability to choose picture words. Almost every phrase calls up an image. They had no use for abstract nouns but almost invariably chose the concrete, the word representing a definite object which all men could recognize. Thus you have Mr. Churchill discussing Mussolini not as a merely preposterous person but as a hyena frisking and yelping at his master's side. You find him saying not that the French expected Britain to collapse but that they expected Britain's neck to be wrung like a chicken's. Then the mischievous phrase: "Some chicken, some neck!" Which was a concession to modernity, a deliberate lapse from the high eloquence of his speech, inserted with sure sense of timing, like a high note in a symphony. Mr. Churchill understands timing perfectly, much better than the President. He can give his speech a liveliness of tempo which seems accidental but must be the result of long preparation.

Mr. Roosevelt, on the other hand, achieves his effects by an entirely different method, a kind of direct contact with the hearer. His speeches are not made in the phrases of earlier times. They have no trace of that magnificent strength and form which marks the Declaration of Independence, for example, or the floridity of the speeches of America's great orators like Webster and Clay. They do not attempt either to achieve the stark and beautiful simplicity of Lincoln's prose, which was much like Churchill's but leaner. Lincoln took his oratory instinctively from the Bible and Shakespeare, having read little else, and in places he equals both of them. There is an extraordinary and haunting beauty about the Gettysburg Address which comes of absolute strength of line and structure, like a Greek temple—no ornament, no conscious striving for effect.

## WRITERS AND ACTORS

On the whole Lincoln was a greater writer of English than Churchill, which is saying a great deal. Churchill must be a greater speaker, by all accounts, for Lincoln lacked the power as an actor, his capacity to project himself to his audience, his studied mannerisms. Roosevelt lacks the writing ability of both these men but is a better actor, a better projector of personality than either, and considering his physical disabilities, is one of the most remarkable conveyors of thoughts in modern times.

Yet what phrase of Roosevelt's do you remember? In all his speeches can you recall on the instant any particular group of words? A score of Lincoln's passages spring to the mind. No living man will forget Churchill's matchless admonition to the British people to live so that in 1,000 years men would say this was their finest hour; or his vivid picture of Englishmen fighting on the beaches, in the streets and fields; or his first great speech, which saved England in blood, toil, sweat and tears.

The essential thing there was his capacity to use words of imagery and picture, which is the essence of poetry, which is the chief magic of Shakespeare, which is the glory of all English literature. And, of course, to breathe into the words the spirit of the man who said them, so that the personality of Churchill is now part of the ordinary stock of the world's mind. So is the personality of Roosevelt, though he has written no great English. These men have the radio, which the orators of ancient days lacked, and the movies also, and this gives to oratory, thought to be an outworn art, a new power such as it never possessed before. What a fine thing it is that oratory, so often used for evil purposes should be, in the hands of these two greatest orators, a weapon of good so powerful that we could hardly have fought the war without it!

## Parallel Thoughts

Heaven and earth shall pass away: but my words shall not pass away.—Luke 21:33.  
All but God is changing day by day.—Charles Kingsley.

## Calling O.C. Kennedy, C.W.A.C.

From Winnipeg Free Press

According to a news despatch from Ottawa, a new call-up for women in the army and air force will shortly be made. The number, it is stated, may run in a short time to 25,000 women. And that is only the beginning. With this need in view and also with the knowledge that the numbers of women available in this Dominion for such services is not overwhelming, perhaps it should be remarked to Senior Commander Mrs. Norman Kennedy of Victoria that she should take some advice on the publicity she is handing out.

When recently the new commandant of the C.W.A.C. was interviewed, she announced "Any woman who goes into this with the idea of finding glamour and adventure is entirely misled. Her job will probably be pounding a typewriter, scrubbing floors, cooking, or something equally commonplace, but necessary." Yes, just so commonplace that she will be making history; just so commonplace that she will have her name listed in the first military force for women ever raised in this country; just so commonplace that she will take her place beside her sisters in Great Britain, for the description of whose epic story words cannot be found; just so commonplace that she will be taking her definite part in a conflict which concerns her own future, her children's future, the future of her country and her Empire.

Has it occurred to Commander Kennedy just what a uniform means, her country's uniform? Just what it means to the members of this new army, what it means to them should be given the King's uniform and with the wearing of it they should be entrusted with the honor and dignity of their nation? Lawrence of Arabia once talked about the significance of uniforms. He said something to the effect that whoever wears it thereby accepts anonymity on his own behalf, and is clothed in the grace and dignity and the courage of the group. That is what membership in the C.W.A.C. and the C.W.A.A.F. means.

True, the service required may be scrubbing a floor, or pounding a typewriter. There is satisfaction in having a floor come clean and fresh beneath one's brush, and even pounding a typewriter has its gaieties. The point is that this scrubbing of the floor, this pounding of the typewriter, this cooking, this what-have-you is not scrubbing, or typing or cooking—it is winning the war. It is part of a great crusade. That is the sort of publicity that should be put over to the women of Canada—and the men, too. That is what the surging of the Canadian spirit means. This war is a great spiritual adventure. It has all the glamour of a march forward of mankind. Some battalions of our forces

## How do husbands always know

that the night they offer to take their wife to a movie will be the one on which she wants to stay at home?

### DOES INDIGESTION WALLOP YOU BELOW THE BELT?

More than half of your digestion is done below the belt—in your 25 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 25 feet" of bowels. Take one Carter's Little Liver Pill before and one after meals. **Country-Club Life Out**

# War To Be Good Thing For People of U.S.

CHICAGO (AP)—"Psychologically, this war is going to be a good thing for the American people," assistant professor of psychology and personal administration of Central Y.M.C.A. College, who took a peek into the future to see what kind of United States citizen would emerge from the

ordeal of a world war, and predicted in an interview that:

"Before the war is over Americans will have been snapped from the lethargy of an unrealistic, soft, country club atmosphere into a more self-reliant people, because the struggle is going to bring them face to face with the unpleasant realities of life."

"The war will nullify the tendency of Americans to overrate themselves. An example of this overrating is the thought held by

many in the United States that since the Japs are little yellow men, one American is the equivalent of 10 Japanese."

**RE-ADJUSTING VALUES**

"The war will cause Americans to lose their unjustified, overrated self-esteem and will instill in them a new and more realistic sense of values."

Dr. McMurray, who has spent years doing personnel research work for large corporations, blamed the "very high standard

of living" he said Americans have been enjoying so long for "unrealistic attitudes which left them a bit soft."

"There has been entirely too much security—false security, particularly the feeling of individual security, which has resulted in a softening of the American character."

"In short this war is going to change the character of the American people. It is going to make men out of them again."

## C.P.R. Engineer At Retirement Age

Robert "Bob" Liddell, superintendent engineer, Canadian Pacific Steamships Ltd., is retiring according to company regulations.

Mr. Liddell, however, will be far from inactive, as he was

loaned last March to the Department of Munitions and Supply in connection with repair of vessels controlled by that organization. He is stationed at Halifax, but is at present paying a visit to the Pacific coast.

Mr. Liddell has been with Canadian Pacific Steamships for many years on this coast, and as superintendent-engineer made annual trips to Hongkong in connection with the drydocking of the Empress liners.

## 20,000 Used Tires Burn

SACRAMENTO, Calif. (AP)—Twenty thousand used automobile and truck tires—350 tons of rubber—went up in acrid smoke at a north Sacramento wrecking yard Tuesday night.

John Karnofsky, owner of the wrecking firm, today estimated his loss at \$100,000. He did not know how the fire started.

## Mother, This Home-Mixed Cough Relief Is Splendid

**Saves Real Money. No Cooking. Real Results.**

To get really surprising relief from coughs due to colds, you can easily prepare a medicine, right in your own kitchen. It's very easy—anyone can do it—needs no cooking, and tastes so good that children take it willingly. But you'll say it's hard to beat, for quick results.

First, make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Then get 25 ounces of Pinex from any druggist, and pour it into a

14 ounce bottle. Then add your syrup. This gives you 16 ounces of really splendid cough syrup—about 4 times as much for your money. It never spoils, and lasts a family a long time. And for real, quick relief, it is actually splendid. It works in three ways—loosens the phlegm, soothes the irritated membranes, and helps clear the air passages.

Pinex is a special compound of proven ingredients, in concentrated form, well known for prompt action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

## Betty Sheppard Is Naval Officer's Pretty Bride

St. Matthias Church, Foul Bay, was filled for the ceremony Tuesday evening at 8 which united in marriage Betty, only daughter of Lieutenant T. Guy Sheppard and Mrs. Sheppard, King George Terrace, and Sub-Lieutenant Donald Davis, R.C.N.V.R., second son of Mr. and Mrs. E. Davis of 1070 St. David Street, Oak Bay. White chrysanthemums were used in decoration of the altar and chancel, and posies of white heather tied with white tulle designated the guest pews.

Rev. J. Blewett performed the ceremony, and the wedding music was rendered by the church organist. In the absence of her father on overseas service, the bride was given in marriage by Major G. Sisman. She was lovely in her princess gown of filmy white nylon, with its long full sleeves and sweetheart neckline, and voluminous, floor-length skirt, complemented with a beautiful veil of Brussels net and lovely old Honiton lace, which fell from a Mary Tudor headdress of white nylon. Her only ornament was a single strand of pearls, and she carried a shower

bouquet of white carnations and rosebuds.

Mrs. Robert H. Moffat, at whose wedding the bride had been a bridesmaid, was the only attendant, wearing a gown of ciel blue chiffon patterned after that worn by the bride, with a saucy hat of pale pink flowers with long pink velvet streamers, and carried a sheaf of pale pink chrysanthemums. P.O. Writer Laurie Davis, R.C.N., was his brother's best man.

The reception was held at the home of the bride's parents, Mrs. Sheppard welcoming the guests in a floor-length gown of blue crepe with smart black picture hat, black accessories, and a corsage bouquet of gardenias, assisted by Mrs. Davis, mother of the groom, gowned in black lace, with black velvet hat with feather trim, white accessories, and a shoulder spray of pink rosebuds. Chrysanthemums were arranged throughout the rooms, and the bride's table was centred with a silver bowl of white chrysanthemums and pink carnations, with white tapers in silver candelabra. The three-tier cake was surmounted with a silver vase of pink roses from which fell streamers tied in lover's knots and rose petals, and as she cut it with her husband's sword, Mr. John Phethean proposed the toast to her happiness, which was honored in traditional fashion.

The young couple left for a honeymoon at an unannounced destination, the bride traveling in a beige wool dress, with sable brown squirrel coat and hat to match, and brown and beige accessories. The bridegroom, who arrived only yesterday from the east, will leave after the honeymoon to resume his duties, while his bride will make her home in the meantime with her mother here.

## HOW SHE DEFEATED CHRONIC BRONCHITIS

Do you cough and wheeze all night long, as Mrs. J. V. Kane, R.R. 2 Westport, Ont., used to do? Then read how she conquered her trouble. "Twenty minutes after I took my first dose of RAZ-MAH, I had most blessed relief," she writes. "The weight seemed to go off my chest, I could breathe easily, and my cough loosened so the phlegm came up with no difficulty." You, too, will get relief from RAZ-MAH—your money back. 50c and \$1 at druggists.

## Do You Feel Nervous And All On Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain, often need a nerve and general tonic. Glycero Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to a deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other drug stores. (Adv. OC-1)

## Service Weddings

Sub-Lieut. Donald Davis, R.C.N.V.R., and his bride cutting the cake after their wedding last night.

Corpl. Robert S. Sutton and his bride, the former Betty Elaine Austin, married at St. Columba Church last Saturday.

## Social and Personal

Mrs. Lequereux and her four children, who have been visiting in Langford, have left to spend a few days in Victoria before returning to Nelson.

His Honor the Lieutenant-Governor and Mrs. W. C. Woodward, who have been filling a series of engagements in Vancouver, will return to Government House Friday morning.

Mrs. A. D. Nesbitt, wife of Squadron-Leader Nesbitt who has been a guest at Hotel Vancouver, arrived from the mainland yesterday to make her home here.

Mr. and Mrs. Sidney Taylor and young son, Norman, who have been spending the Christmas and New Year holidays with Mrs. Taylor's parents at Saskatoon, Saskatchewan, have returned to their home at Langford.

After being the guests of Mrs. David Spencer, "The Rocks," Cook Street, over the holiday season, her brother and sister-in-law, Mr. and Mrs. P. D. Gordon of Whitehorse, Y.T., have returned to Vancouver where they are staying at the Hotel Vancouver for the winter season.

Mrs. Ray entertained her daughter, Miss Roberta Ray, and a few of her friends at the tea hour Sunday afternoon in the Empress Hotel, the occasion being her daughter's 14th birthday. Those present were the Misses Roberta Ray, Patricia Scrivener, Corrine Earle, Irene Scott, Irene Kemp, and Barbara Kemp.

Mrs. Aubrey Kent returned to Victoria this afternoon after visiting her sister, Mrs. Sidney Evans in Vancouver.

Rev. W. G. Wilson, D.D., and Mrs. Wilson have left for Edmonton, where Dr. Wilson is supplying for some months.

Mrs. R. E. Archer-Houlton of Kelowna left for the interior yesterday after being a guest at Craigville for some weeks.

Lieut. Royden Morris has returned from Vancouver where he joined his wife at the weekend. Mrs. Morris is visiting her mother, Mrs. C. H. McFarlane, in the mainland city.

Mr. and Mrs. D. R. Harrison of Port Arthur, Ont., who have been guests at the Empress Hotel for two months, are returning to Vancouver today, and will be at the Georgia Hotel for a few days before returning home.

Miss Ruth Corbould, who has been appointed Esquimalt rural health nurse, with headquarters in Langford, arrived on Monday from Prince Rupert and will reside for the present at St. Alden's House. Miss Corbould has been nursing for two years at Dawson Creek, B.C.

Lieutenant and Mrs. B. I. C. Palmer left Saturday for Calgary, where the former is now stationed, having come to Victoria from Cranmore, Alta., where they have been residing for three months, to spend the Yule holiday visiting old friends. While here they drove to Comox to spend

Christmas with Lieutenant Palmer's mother, Mrs. H. Ross Palmer.

Mr. and Mrs. James Hepburn Jr., returned Saturday to their home in Vancouver after spending a short visit with the former's parents, Mr. and Mrs. J. T. Hepburn, Foul Bay Road.

Mrs. Cyril Neroutos and her three sons have returned to their home on May Street after spending the last two weeks in Vancouver visiting her mother, Mrs. George Winter, Chancellor Boulevard.

Mr. Ian Drum returned Monday night to Vancouver en route to his home in Kingston, Ont., after spending Christmas and the New Year holiday in Victoria as a guest at 2580 Lansdowne Road, the Uplands, the home of his mother, Mrs. Lorne Drum, who is at present confined in the Jubilee Hospital.

In compliment to two charming Ontario visitors who have been widely feted since their arrival here some weeks ago, and who are the guests of General and Mrs. E. C. Ashton, Despard Place, Mrs. Red Paige Clark entertained at three tables of bridge at her home, "Rifflington," Uplands, Tuesday afternoon, the guests of honor being Mrs. Harry Hewitt of Brantford and Mrs. R. G. O. Thompson of Toronto. This afternoon they were entertained at a few tables of bridge at the home of their hosts, Mrs. Ashton.

A glistening Christmas tree formed the central motif of the decorations for the miscellaneous shower arranged by Mrs. Reg Bowering and Mrs. Dick Goodwyn at the former's home, 41 West Gorge Road, in honor of Mrs. Elmer King (nee Elsie Golding), whose marriage took place last month. Underneath the tree were placed many attractive gifts and sprays of holly and autumn greenery were artistically arranged throughout the room.

A corsage of pink roses was presented to the bride when she arrived, the guests then spending an enjoyable evening playing games. A buffet supper was served later, the refreshment table being centred with a bowl of white chrysanthemums and lighted by red tapers. The guests

## Mrs. E. Glover Heads Lake Hill W.I.

The annual meeting of Lake Hill Women's Institute was held in the institute room Monday afternoon, with Mrs. W. S. Webster presiding, and a good attendance of members. Visitors welcomed to the meeting were: Mrs. V. S. MacLachlan, Mrs. R. S. Borowsky, who spoke on the industry of hand blocking materials, and displayed some lovely samples; and Mr. A. Cullen, chief A.R.P. warden for the district, who gave the members useful information on how to behave in case of an air raid.

Reports of the year's work were given by conveners, and by the secretary, and showed a busy and successful year. Mrs. MacLachlan congratulated the members upon their work. She conducted the election of officers, which resulted as follows: President, Mrs. E. Glover; vice-president, Mrs. A. Moffat; secretary, Mrs. W. S. Webster; directors, Miss Ferguson and Mrs. M. E. Service.

Following the meeting Mrs. Glover on behalf of the members presented Mrs. Webster, returning president, with a handsome leather handbag, together with the good wishes of the members. Tea was served by the retiring directors.

The Ladies' Auxiliary to the Tuberculous Veterans will meet Thursday in the clubrooms, 813 Blanchard Street, at 2.30. As this is the annual meeting and election of officers for the ensuing year, all members are requested to attend.

## Sally Rand Weds

GLENDORA, Calif. (AP) — Sally Rand of the fans and bubbles and Cowboy Thurlkel (Turk) Greenough were married Tuesday in the Episcopal Church parish hall.

Earlier plans to hold the ceremony in the church had been abandoned when the bishop reminded the rector that the canons prohibit a church marriage for a divorced person unless he is the injured party in a decree obtained because of infidelity.

## Double-Action Way To Help Relieve BRONCHITIS

COUGHS • SORENESS • CONGESTION

Get right after painful bronchitis miseries... help relieve the coughing, congestion, and soreness this time-tested Vicks VapoRub that is so successful!

Put a good spoonful of Vicks VapoRub into a bowl of boiling water. Then breathe in the steaming vapors for just a few minutes. With each breath you take, the medication goes straight to inflamed bronchial tubes where it soothes irritation, quiets coughing and loosens tightness and congestion.

At bedtime rub Vicks VapoRub on throat, chest and back. Its poultice-vapor action works for hours to bring you added comfort while you sleep.

## January Clearance FUR COATS

### AN OPEN LETTER TO EVERY WOMAN AND HER HUSBAND

It is patriotic to spend  
... intelligently

A few years ago there was a sudden tightening of the purse strings throughout the nation, with the result that we experienced one of the worst depressions on record, not because we lacked the resources or national wealth but because many people were needlessly cautious. This situation placed an added burden on many others. A thawing of assets at this time would have created freer spending and perhaps shortened the depression considerably. It would have been patriotic to spend. Now we face a different form of crisis. Our country is at war and everyone is being asked to bear his share of the burden, in one form or another, if not in active service at least in the support of that service, and in order to do our share financially money must continue to circulate. Again it is patriotic to spend... intelligently. Buy the things you need. Over-caution and the tightening of purse strings generally would make the burden heavier for others.

For more than 45 years we have been building an enviable reputation in the fur business in Victoria. We enjoy the sincere recommendation of many satisfied women. We cherish our reputation for integrity in our business and honesty in values. Consequently, in announcing another January Sale of Fur Coats, we point with justifiable pride to our record.

Aged Women Enjoy  
Holiday Season  
The committee of the Aged  
Women's Home met Tuesday  
afternoon, Mrs. W. L. Clay, the  
president, occupying the chair.  
Routine business was attended  
to and all accounts for the month  
ordered paid.  
Miss Robb, the matron, re-  
ported that all in the Home had  
a very pleasant Christmas. The  
dining-room was beautifully de-  
corated with chrysanthemums,  
holly and greenery, also the halls  
throughout the buildings. The  
tables were very gay with candy  
baskets, favors and Christmas  
crackers. Mrs. Clay, the presi-  
dent, and several members of  
the committee helped to serve  
the dinner, at which 78 of the  
ladies were seated.  
Christmas Eve the Victoria  
West Browne Pack sang carols,  
distributed candies and the young  
people of Emmanuel Baptist  
Church sang carols and distri-  
buted candy. Committee for the  
month: Miss O'Brien, convener,  
Mrs. Harold Grant and Mrs. F.  
W. Vincent.

Mrs. H. J. Binnie will address  
the Women's Bible Study Group  
at the Ross Bay Sunday School  
Room, corner of May and Joseph  
Streets, Thursday, at 2.30. All  
women interested will be wel-  
come.

### Clubwomen's News

W.A. 65, Local Typographical  
Union, will meet Thursday at  
2.30 in the Jones Building, Fort  
Street.

Esquimalt W.I. will hold a 500  
card game in St. Paul's Parish  
Hall Thursday evening at 8.15;  
prizes and refreshments.

Anniversary Church service for  
all circles will be held by the  
King's Daughters, St. Mary's  
Church, Sunday at 11 a.m.

Navy League Chapter, I.O.D.E.,  
will meet Monday evening at  
7.45 at headquarters; nomi-  
nations for next year's officers will  
be made.

The Royal Canadian Army  
Pay Corps Auxiliary will meet  
Thursday at 2.30, at the home  
of the president, Mrs. A. H. Lund,  
1543 Elford Street.

Victoria Women's Institute will  
hold a social for members and  
friends Friday afternoon in their  
rooms, 635 Fort Street, at 2.30  
o'clock. The Georgian Choir will  
render some favorite selections  
during the afternoon.

The final result of the doll's  
house contest was reported as  
\$320.25 at yesterday's meeting of  
the Women's Auxiliary to the Air  
Services. Articles turned in for  
the war work included 47 sewn  
garments and 26 knitted.

C.C.F. New-Forum Club will  
hold an open meeting Friday at  
8 p.m. in Room 6, P. R. Brown  
Building, Broad Street. Mr. H. G.  
Wyatt of the John Howard So-  
ciety will speak on "The Present  
and Future of Crime in Canada."

The Red Shield Women's  
Auxiliary will meet at 7.30 this  
evening in the Salvation Army  
Citadel, Broad Street. There will  
be no meeting of the Citadel  
Home League until Thursday  
afternoon, Jan. 15.

At the annual meeting of the  
Women's Association, First  
United Church, Monday, Rev.  
Hugh A. McLeod installed new  
group officers for 1942. Arrange-  
ments were completed for the  
Scottish supper to be held Feb. 1  
at 6.30 p.m. in connection with  
the celebration of the 80th an-  
niversary of the church in the  
city. Representatives were se-  
lected for the Local Council of  
Women. After the business meet-  
ing tea was served and a social  
hour enjoyed.

The monthly meeting of Cen-  
tennial Evening Auxiliary of the  
W.M.S. was held at the home of  
Mrs. Frank Hall, Monday, Miss  
Margaret Cargill, vice-president,  
presiding. Installation of officers  
was conducted by Mrs. S. S. Peat,  
and reports of retiring officers  
read. Mrs. J. Hopkins led the  
devotional period and Miss Mary  
Peat gave an article on Christian  
stewardship. A chapter of the  
study book, "Serving With the  
Sons of Shuh," was reviewed by  
Miss Margaret Cargill. Refresh-  
ments were served by the hostess.

A unanimous petition to Prime  
Minister Mackenzie King request-  
ing conscription of manpower in  
Canada was signed by members  
of the Gonzales Chapter, I.O.D.E.,  
at a meeting Tuesday at head-  
quarters and despatched to Ot-  
tawa. The petition also urged  
commandeering of material re-  
sources and rationing of all es-  
sential materials and commodi-  
ties. A resolution was presented  
by Mrs. Tyrwhitt Drake, concern-  
ing the menace of continued pres-  
ence of Japanese nationals in  
B.C., asking the Dominion gov-  
ernment to take adequate  
measures for their restraint,  
whether naturalized or Canadian-  
born. Regent Mrs. W. C. Nichol  
presided. Next meeting will take  
place at the home of Mrs. Curtis  
Sampson, Newport Avenue, Feb. 3  
at 2.30 p.m. when election of of-  
ficers will be held. Letters of  
thanks for cigarettes sent over-  
seas to the Minersweepers and  
Travellers Fund were received  
from Commander W. C. Eykyn,  
H.M.S. Lynx, England.

### Red Cross Notes

**CORDOVA BAY**  
—A meeting of the Cordova Bay  
Red Cross unit will be held at  
Mrs. K. M. Lewis', Cordova Bay  
Road, Tuesday, Jan. 13, from 2  
to 4.

**ROYAL OAK UNIT**  
Royal Oak Unit of the Red  
Cross will hold its annual meet-  
ing Thursday, Jan. 15, at 3, in  
Royal Oak W.I. Hall. At this  
meeting all branches of the Royal  
Oak Unit (which includes Pros-  
pect Lake, Elk Lake and Glynn-  
districts) should be represented,  
and all members, friends and  
those interested in this work will  
be welcomed. Tea will be served.

**NORTH SAANICH UNIT**  
The annual general meeting of  
the North Saanich Unit of the  
Red Cross will be held Tuesday,  
Jan. 13, at 8 p.m., in the Farm  
Pavilion, East Saanich Road. A  
good attendance is requested.

Mr. and Mrs. Gordon B. Boyle,  
who were married Dec. 26 at the  
home of Mr. and Mrs. A. R.  
Minnis, 1825 Hollywood Crescent,  
brother-in-law and sister of the  
groom. Rev. A. E. Whitehouse,  
D.D., performed the ceremony  
against a background of Christ-  
mas decorations. The bride was  
Miss Lucille Lepine, third daugh-  
ter of Mr. Alfred Lepine of Sas-  
katoon and the late Mrs. Lepine,  
and the groom the only son of  
Mrs. L. Boyle of Saskatoon, and  
the late J. E. Boyle. Given in  
marriage by Mr. Minnis, the bride  
wore a gown of white chenille  
taffeta, with Tulleman roses and  
of Tulleman roses and mimosa.  
Miss Laurel Minnis was brides-  
maid in a rose pink triple sheer,  
with a corsage of pink carnations,  
and L.A.C. Harvey Minnis, R.C.  
A.F., was groomsmen. As the  
register was being signed Sgt.  
Wm. Inglis sang "Love's Corona-  
tion," accompanied at the piano  
by Mrs. Minnis. After their  
honeymoon on the mainland and  
up-island, for which the bride  
traveled in a beise and black out-  
fit, Mr. and Mrs. Boyle are  
making their home in Victoria.

### Engagements

**CURRY-MEAKES**  
The engagement is announced  
of Gladys Lulu Jane, only  
daughter of the late Mrs. M. G.  
Meakes of Victoria, to L. Cpl.  
Basil Curry, youngest son of  
Mr. and Mrs. F. Curry, New  
Westminster. The wedding will  
take place quietly on Jan. 19.

**JONES-McDONALD**  
Mr. and Mrs. F. R. McDonald  
Vancouver, announce the engage-  
ment of their elder daughter,  
Pearl Victoria, to Staff Sergeant  
Richard Ellis Jones, R.C.A.M.C.,  
only son of Mr. and Mrs. A. L.  
Jones, 576 St. Patrick Street, Vic-  
toria. The wedding will take  
place Jan. 17 at 8 p.m. in St.  
Michael's Church, Vancouver.

**JONES-McDONALD**  
The engagement is announced  
of Pearl Victoria, elder daughter  
of Mr. and Mrs. F. R. McDonald,  
Vancouver, to S-Sgt. Richard El-  
lis Jones, R.C.A.M.C., only son  
of Mr. and Mrs. A. L. Jones of  
Victoria. The wedding will take  
place in Vancouver at St.  
Michael's Church, Jan. 17, at 8  
p.m.

### Troops See Magician

William Harkness, magician,  
drew a packed house of the three  
services to the Knights of Colum-  
bus Hut. For an hour he mys-  
tified the audience. Others con-  
tributing to the program were  
Beverly Sanderson, Velda Wille,  
Walter Miller, Marilyn Ferguson,  
Dorothy Francis, Tex Blois,  
Larg Shellers, Paul Michelin,  
Mrs. Sanderson and Mrs. Fer-  
guson. James McGrath had  
charge of the program, with Sam  
Harrison acting as stage direc-  
tor and Dick Rose as projection-  
ist for Paul Michelin's popular  
song slides.

SUNLIGHT SOAP 3 for 19¢	Maybloom TEA 1-1/2 lb. pail 69¢

### Weddings

**OSBORNE-NAPIER**  
At a quiet ceremony Monday  
evening in Metropolitan Church  
Rev. Dr. A. E. Whitehouse united  
in marriage Pearle, Ada, only  
daughter of Mr. W. Napier, Van-  
couver, and the late Mrs. Napier,  
and Officers Steward Gordon  
Osborne, R.C.N.R., only son of  
Mr. and Mrs. S. Osborne, 933  
Pembroke Street.

The bride was given away by  
her brother, Chief Skipper Wil-  
liam Napier, R.C.N.R., and wore  
a simple light blue afternoon  
frook with matching accessories  
and a corsage of carnations. The  
bride was unattended and Mr.  
Arthur Cannon supported the  
groom. A small reception was  
held following the ceremony at  
the home of the groom's parents,  
the rooms being artistically de-  
corated with pink and white  
streamers. Carnations in the  
same shade were placed in silver  
baskets in the centre of the lace-  
covered table and a handsome  
two-tiered wedding cake had the  
place of honor at one end. After  
the traditional toast proposed by  
Mr. Trenchard-Clark, the bride  
cut the cake and Miss Enid Mid-  
dleton sang "Because" accom-  
panied by Mr. A. Pym. For her  
honeymoon trip to Vancouver the  
bride donned black tweed coat  
over her wedding ensemble. On  
their return the couple will make  
their home in Victoria.

### Instructors Give Favorite Recipes

By MRS. GAYNOR MADDOX  
When home economic instruc-  
tors write out their favorite  
recipes, housewives are in for  
good eating.

**Fruit Nut Bread**  
One-half cup dried apricots, 2  
cups flour, 1/2 teaspoon salt, 2  
teaspoons baking powder, 1/2 tea-  
spoon soda, 1 large orange, boil-  
ing water, 1/2 cup raisins, 1 cup  
sugar, 2 tablespoons butter,  
melted, 1 egg, beaten, 1/2 cup nut  
meats, cut fine, 1 teaspoon vanil-  
la.

Cover apricots with water  
(about 1 cup); soak half an hour.  
Sift flour and measure; sift again  
with salt, baking powder, and  
soda. Squeeze juice from orange  
into a cup, and set aside. Put  
apricots, orange rind and raisins  
through coarse blade of food  
chopper. Add enough boiling  
water to orange juice to make  
one cup, then pour over ground  
fruit. Add sugar and melted  
butter and mix well. Add beaten  
egg, and blend. Add sifted dry  
ingredients, stirring until just  
combined. Then stir in nuts and  
vanilla. Pour batter into a  
greased loaf pan 9x5x3 inches.  
Bake in slow oven (300 degrees  
F.) for one hour, then remove  
from pan and place on cake rack  
to cool.

**Graham Cracker Fudge Cookies**  
(Makes 2 dozen 1 1/2-inch squares)  
(Belle Mayer)

Two squares unswetened cho-  
colate (2 ounces), 1/2 cup evap-  
orated milk diluted with 1/2 cup  
water, 2 cups sugar, 1/2 teaspoon  
salt, 1 tablespoon butter, 24  
marshmallows, 1 cup nut meats,  
cut fine, 2 cups graham cracker  
crumbs (about 1/2 pound), tea-  
spoon vanilla.

Melt chocolate in saucepan  
over a low heat. Add milk di-  
luted with water, sugar and salt.  
Stir only until sugar dissolves.  
Cook until syrup will form a soft  
ball when dropped into cold  
water (236 degrees F.). Add but-  
ter and marshmallows. Let  
stand until lukewarm (110 de-  
grees F.). Then stir until melted  
marshmallows and butter are

## Victorias FINE Laundry

Like so many others, the word  
"FINE" is often misused and  
abused. But when we say  
"FINE" Laundry we mean ex-  
actly what we say—and we are  
thinking of the quality of the  
work as well as the nature of  
our equipment. And we are  
thinking, too, of the fine things  
that you might hesitate to trust  
to ordinary handling.

## Oil for Heating May Get Scarce

A possible shortage of fuel oil is looming and large users are being asked by the Dominion government oil controller to consider changing to wood and coal.

Oil companies have not yet been told to cut down on deliveries, nor has any warning gone out to the thousands of homes with oil burning kitchen ranges and furnaces.

Private users need have no worry just yet, one oil company manager pointed out. If the worst comes to the worst the burners can come out quickly and conversion made almost overnight to wood and coal stoves.

There is little possibility an order prohibiting sale of fuel oil will come without lengthy warning.

### CHANGE TO COAL

Operators of apartment houses and hotels, which burn from 1,200 to 2,000 gallons a month in this kind of weather, have been circularized by the Toronto office of the Canadian oil controller, who urges these operators to seriously consider changing heating plants to wood and coal.

"We are making plans, but we'll put off the change just as long as possible," said the operator of an apartment hotel.

The oil controller points out in his circular that since the Pacific war started the uncertainty of future supplies of crude oil has been greatly increased and the greater part of it must now come from outside Canada.

The circular said the government did not wish to unduly disturb the heating of hotels and apartments and other large buildings, but strongly recommended managers to now look into a change of heating system.

Victoria's two largest structures—the Empress Hotel and the Parliament Buildings are heated by coal, but the new apartment houses all burn oil.

One of the largest oil burners in Greater Victoria is St. Joseph's Hospital, which uses about 800 gallons a day.

"We can turn over to wood and coal, or sawdust any time, and it wouldn't take very long," St. Joseph's chief engineer said today.

The Royal Jubilee Hospital turns coal—13 tons a day at this time of year and about eight tons a day in the summer.

The oil controller, in his latest letter, tells the large oil burners that Canada's war needs must come first, and he hints strongly that if a serious shortage looms, oil will be cut out or rationed as far as apartments and hotels are concerned.

Domestic users of oil, however, take so little oil, compared with the big burners, that any orders will probably not affect them for many months yet.

If one large buildings changes over to coal it is worth 100 kitchen ranges going back to coal.

## 2,000 Parcels Badly Packed

OTTAWA (CP)—During the height of Christmas mailings for Canadian fighting men overseas, postal workers had to pack more than 2,000 parcels with flimsy coverings. Postmaster-General Mulock said Tuesday.

Mr. Mulock said record proportions were reached in volume of mail handled through the base post office manned by the Canadian Postal Corps.

In November 1,852 pieces of registered mail, 1,509,280 letters, 2,344,827 pounds of parcels and 156,802 pounds of newspaper material were dispatched from the Ottawa base office and 180,029 parcels of tobacco gifts from the sub-base post office at Montreal.

In December, 1,400 pieces of registered mail, 1,227,000 letters, 144,183 pounds of newspaper material and 609,123 pounds of parcels were dispatched from Ottawa and 198,842 parcels of tobacco from Montreal.

Three hundred C.P.C. members worked day and night at the base post office as the Christmas mail was being cleared.

"Officials reported that an improvement had been shown by the public in correct addressing procedure but that there was still considerable room for improvement in the method of packing parcels," Mr. Mulock said.

### Scale Tell Age

By studying the scales of a salmon, an expert is able to tell the age of the fish when it went to sea, and whether or not it has spawned.

### Call for Arms Answered

## U.S. Industry Promises To Deliver Goods

WASHINGTON (AP)—"O.K., Mr. President, we'll do it!" was the prompt and unanimous reaction of industrial and governmental officials to President Roosevelt's call for the production of 60,000 planes, 45,000 tanks, 20,000 anti-aircraft guns and 8,000,000 deadweight tons of shipping this year.

But most industrialists, while accepting the challenge enthusiastically, emphasized they would have to be assured of the necessary raw materials to guarantee delivery of the finished goods, and some mentioned adequate tools and co-operation of labor as well.

"It would seem that before the government could determine whether or not it could receive that number of airplanes it would be necessary to make a survey of material sources," observed Glenn L. Martin, the Baltimore plane manufacturer.

### CONGRESS APPROVES

In Congress, which must vote the appropriations and the taxes, both Democrats and Republicans applauded the vast production goals and other phases of the President's message on the state of the Union.

Wendell L. Willkie recommended, however, that the President revamp his administrative organization and declared the goals could not be realized under the present setup.

"We can do it—we will do it," was the pledge of William S. Knudsen and Sidney Hillman, directors of the Office of Production Management, in a joint statement.

Spokesmen for the National Association of Manufacturers pledged full co-operation. The National Council of American Shipbuilders said industry could and would meet the goal for ships, given a "constant flow of materials, equipment and uninterrupted service of labor."

### "SIMPLE," SAYS FORD

Henry Ford, the old maestro of mass production, declared the production goals for this year could be achieved and that the stepping up to greater production in 1943 would be "simple." Aircraft manufacturers were undaunted by the lifting of the quota for 1942 to 60,000 planes,

and 125,000 for 1943, a total of 185,000 in two years.

H. William McCurdy, President of the Associated Shipbuilders, at Seattle, said:

"I can speak for my company and I am sure for the entire shipbuilding industry in saying we are prepared to give everything we have toward the nation's war construction program."

A leading tank maker, Duncan W. Fraser, President of American Locomotive, also making gun carriages, shells and other arms equipment—declared:

"We have been asked greatly to increase our output and are now adding to our facilities to enable us to meet this request." He said his company had only one answer: "All-out production."

### STEEL DIVERTED

Walter S. Tower, President of the American Iron and Steel Institute, said the mighty plan meant diversion of steel from civilian uses, but this would make available equipment and labor for millions of tons for war needs.

Business analysts urged small business men to go after war business with all their energies, or face shutdown.

Hope for the small manufacturer was seen in the fact that sweeping expansion of the volume of war business would put the big concerns under increasing pressure to sub-contract, as well as prompt more intensive efforts on the part of the army and navy to seek supplies among smaller concerns.

### 6 Canadians Drown In Sussex River

LONDON (CP)—Six Canadian soldiers were drowned Tuesday when a pontoon capsized in a Sussex river. Three others were saved.

The boat turned over as it approached a bridge during pontoon exercises. Police, assisted by troops, dragged the river today in an effort to recover the bodies.

### Ancient Cemetery

An old Indian cemetery, believed to date back to the days before the Spanish conquest of Chile, has been found by workers in that country.

**Stop that HEADACHE this quick way**  
Do as it shows here to get relief instantly

This is a fast way people on all sides are now stopping headaches

The first time you take Aspirin to relieve a headache you have a surprise in store for you! For the pain goes almost at once!

But it's easy to understand why it goes so fast. For you can see with your own eyes how fast Aspirin goes to work, as shown in the picture of the glass above. And taken as directed, Aspirin is safe. In fact, Aspirin is said to be among the fastest and safest reliefs ever known for pain.

Try it. Ask for Aspirin—made in Canada. "Aspirin" is the trade mark of The Bayer Company, Limited.

### 'East Living Space'

LONDON (CP)—Soviet planes are dropping postcards back of the German lines on the eastern front, showing a field of crosses with a line helmet in the foreground and vultures overhead, under the caption: "Living Space in the East."

The cards bear German stamps for anyone who might dare to send them home.

They were described by the

### May Use Dollars

CANBERRA (AP)—A modification of exchange laws was announced today whereby visitors to Australia from the United States may make payment for goods purchased in American dollars. The holders of dollars will receive goods or services to the value of the dollar plus exchange.

Russian Embassy's "Soviet war news."

### God Remembered In Time of Crisis

In prosperous times God is forgotten, but He is remembered in times of crisis, said Rev. G. A. Reynolds of First Baptist Church, addressing Tuesday night's Week of Prayer meeting at Metropolitan United Church.

"We thank God," he said, "that in time of emergency there are always a few people who turn to Him in the right way. The travesty of prayer is that God is more anxious to give than the people are to receive his gifts."

"While it is important that we speak to God, it is of infinite importance that we listen while God speaks to us."

Pointing out that it was given to Christian people to clothe the fighting men with the power of God, Mr. Reynolds added: "We must pray in actions, deeds and loving interest for those who are away from us today."

Rev. J. C. Jackson of James Bay and Victoria West United Churches, presided.

The prayer service this evening, last of three held under the auspices of the Victoria Ministerial Association, will be conducted by Rev. Fred Comley of St. Alban's Church, the devotional address being given by Rev. Hugh A. McLeod of First United Church.

"The World-wide Church—an actual fact" was the theme of W. Hick, a missionary in China

for many years, who addressed the Universal Week of Prayer meeting Tuesday afternoon, at the Y.M.C.A., under the chairmanship of Rev. James Hood of Esquimalt United Church.

### U.S. Agriculture Spurred By Prices

CHICAGO (AP)—With first effects of the "food for freedom" drive of American agriculture already apparent, the more than 6,000,000 United States farmers enrolled in a unique effort to fight the war with plowshares today were goaded by highest general price levels since 1930.

Market statistics showed that at the start of the new year prices of livestock ranged from 12 to 42 per cent higher than a year ago; grains from 18 to 41 per cent higher; butterfat 16 per cent higher and eggs 70 per cent higher.

There is an unusual assortment of items of which farmers will be asked to produce much greater quantities in 1942. Soybeans, milk, eggs, butter, cheese, pork, lard, beef, fruits and vegetables are on the "must" list.

### About Tides

The power of the tides comes from the earth, not the moon. The tides would be only a stationary bump of water on the globe, with no power whatsoever, if the earth did not revolve,

## URGENT SERVICE!

Salvage Needs Volunteer Men and Women for the Following:

Ambulance Division  
Seeks 100 Recruits

The St. John Ambulance Division No. 65, which has been asked

Marriages Up,  
Deaths Down

Marriages increased. Births and deaths were lower in British Columbia last November, compared with the same month of 1941, according to the monthly report of the B.C. division of vital statistics.

Among the new arrivals there were more boys than girls. More men than women died.

There were 1,197 births in the province in November—617 of them boys and 580 girls. This compares with 1,213 births in 1940—632 boys and 581 girls.

Total November deaths were 627—402 males and 225 females, compared with 696 deaths in November the year before—452 males and 244 females. Of this total 89 persons died of cancer, 29 of tuberculosis, 18 of pneumonia.

In Victoria, in November, there were 103 births, 58 deaths and 63 marriages. In the same month of 1940 there were 111 births, 69 deaths and 48 marriages.

Duncan in November had 22 births, two deaths and five marriages; Nanaimo, 26 births, six deaths and nine marriages; Vancouver, 442 births, 254 deaths and 332 marriages; New Westminster, 98 births, 34 deaths and 32 marriages.

There were 66 divorces in November.

Among registrations of ministers and clergymen approved by the division were those of Rev. Jack Anthony Roberts, B.A., of Brentwood College and Rev. Charles Sutton, Sidney.

Cotton is being planted and picked somewhere in the world every day of the year.

to provide trained men for 30 first aid posts, is making an appeal for 100 recruits.

A. Jarvie, divisional superintendent, asks all men with first aid certificates to register for training which consists of practical first aid, stretcher work and emergency improvisation. A series of lectures will begin soon.

Headquarters of the division are at the Market Building, Corner Market Street. Inquiries should be made there between 8 and 10 in the evening or by phoning E 1303 or G 5132.

# "Meet Me at Terrys" BUT NOT ON SUNDAY!

For many years the expression, "Meet Me at Terrys," has been a happy suggestion among Victorians.

And that idea has become so increasingly popular that today Terrys unique Department Drug Store and Restaurant is enjoying the greatest patronage of its long career—for which the management and staff are profoundly grateful.

But these days of regulation and restriction are days of increasing difficulties in the conduct of all business—difficulties that call for wise planning and reorganization.

Operating our institution seven days a week means that every day a certain number of our staff are enjoying a well-earned rest—and that consequently we are never in a position to render our patrons a service as full and as complete as we would wish. And it is true also, we believe, that our whole organization, plant and equipment, could be more efficiently conducted by a complete stoppage one day a week. Certainly it will be a great boon to our staff.

We frankly admit that these conclusions are, so far, only surmises. Only a trial will decide whether we are right or wrong. But we are "taking our courage in both hands" and are going to try closing down completely on Sundays—starting immediately.

We deeply regret any inconvenience we may cause to some—but we are sincerely striving for the greatest good of the greatest number, and we solicit your co-operation. True, we will now limit our service to the public to six days—but we promise that our service on these six days will be UNLIMITED. And so we announce

## TERRYS WILL BE CLOSED SUNDAYS Until Further Notice

### Males Are Leaders In College Exams

John Crookston and Donald

McLeod led second and first year students respectively of Victoria College in the Christmas examinations. Results of examinations in each subject were mailed to the students during the holidays, and yesterday the list of students obtaining a first class average, that is, above 80 per cent, were posted on the notice board of the college.

Crookston, president of the Students' Council, led the sophomore students with an average of 83.6 per cent, while Jessie Swales received 80.8 per cent and John Colbert 80 per cent.

McLeod, who last year topped the province in Junior matriculation, made an average of 90.7 to lead the freshman students.

Other first year students who obtained first-class averages were as follows: Charles Maunsell 90.1, Jack Stonehewer 89.7, Jim Harvey 88.0, Peter Hobson 88.0, Gerald Wyatt 87.9, Oliver Burd 86.7, Tom Naylor 86.1, Barbara Smith 84.4, Ted English 83.7, Rita Milhouse 83.5, Robin L. Wood 82.3, Winona Carruthers 82.1.

The college term is once again in full swing, and students are buckling down to their studies, mindful that the midterm exams are but one month away.

In most of Latin America the school year begins in April or May and ends in November.

### Ladysmith Council

LADYSMITH—The statutory

meeting of the 1942 council was held Monday following the swearing into office of Mayor W. W. Walkem for his ninth consecutive term, and Aldermen W. Cullum and J. H. Wood, the latter a newcomer to the council.

Ex-Alderman J. D. Giovando, who retired from the city council at the end of 1941 after 12 years' consecutive service, was the recipient of a token of the council's esteem in the form of a wall thermometer and barometer.

Mayor Walkem announced the following civic committees, with the first named as chairman: Finance, Aldermen Cullum and E. Jameson; electric, Aldermen E. Jameson and W. Joyce; works, Aldermen W. Joyce and W. Cullum; cemetery, Aldermen J. Wood and F. Johnston; sewer and sanitation, Aldermen F. Johnston and W. Cullum; fire wardens, Aldermen F. Johnston and J. Wood; industrial, Mayor Walkem, Aldermen Jameson and Joyce; property, Aldermen Cullum, Johnston and Wood; A.R.P. co-ordination, Aldermen Jameson, Wood, Johnston and Joyce.

WASHINGTON (AP)—President Roosevelt sent this long-hand note to speaker Sam Rayburn, who was 60 years old Tuesday: "Dear Sam: Ever so many birthdays of the day—it must be awful to be so old—I don't get there for 23 days. F.D.R." The word "awful" was underscored.

### G. A. Dyson Again Heads Pensioners

George A. Dyson was re-

acclaimed to the presidency of the Old Age Pensioners' Association of Greater Victoria, Tuesday afternoon. Nearly 100 of the Victoria area's 1,200 pensioners re-elected him at the annual meeting held in the lower hall of the First Baptist Church, Quadra Street.

Other officers elected were: Mrs. S. M. Arnold, vice-president; E. E. Hardisty, secretary; J. S. Campion, treasurer; H. Gordon, auditor; Mrs. E. J. Dale, pianist, and an executive of five composed of Mrs. A. Graham, Mrs. I. M. Rogers, H. Gordon, George Hutchinson and S. W. Yates.

The Victoria association, Mr. Dyson said in his report on 1941 activities, "has put old age pensioners on the map in Canada."

He said two resolutions had been dispatched, in 1941, to Ottawa and to the heads of the provinces, asking support for the old age pensioners' request for a pension increase to a dollar a day to replace the present \$20 a month—and the lowering of the qualifying age limit to 65.

Little had come of this, Mr. Dyson said, but added that he had received assurances from many of the members of the B.C. Legislature that they would

take a strong stand on the subject when the house convened.

He stated that B.C. paid only 25 per cent of the present pension and the Dominion government was willing to raise the amount included in its 75 per cent if the province saw fit to raise its portion of the pension.

The financial report for the year showed that the association had a balance of \$93.60 in the bank. Mr. Dyson said \$516.32 had been collected for the pensioners' Christmas cheer fund and that a tag day would be held this month to augment the present funds which did not amount to enough to distribute among Greater Victoria's 1,200 pensioners.

"When I read that \$500,000 was spent in Vancouver, Victoria and Esquimalt over the holiday for liquor," Mr. Dyson remarked, "I think it is time something should be done for the aged people of this area."

Acts AT ONCE to relieve

### Night Cough SPASMS

When thousands of prescriptions for Pertussin have been filled by druggists, a relief such coughing—it must be good! Pertussin—a well-known herbal cough remedy—not only relieves your coughing spell, but also soothes and makes phlegm easier to raise. Safe and night effective for both old and young. Inexpensive.

PERTUSSIN

**SQUADRON LEADER ALEXANDER M. JARDINE, R.A.F.**, son of Mr. and Mrs. A. O. Squire Jardine, 616 Moss Street, has been awarded the Air Force Cross. It was announced in a recent dispatch from London. Born in Vancouver but coming to Victoria at an early age, Sqr. Ldr. Jardine was educated at the Beacon Hill and South Park schools here, subsequently taking a cadetship with the Donaldson line and writing his mate's ticket at Glasgow in 1915. He was given a short service commission in the Royal Air Force in November, 1935, and was transferred to Singapore where he has served for the last five years. Well known here, Sqr. Ldr. Jardine has five sisters in the city. Twice scheduled for leave he was twice disappointed, once at the outbreak of war and again when Japan commenced hostilities.

## Victorian Is R.A.F. Casualty

LONDON (CP cable).—Names of five Canadian airmen, including a native of Victoria, B.C., were included in the 102nd casualty list of the Royal Air Force, issued last night by the Air Ministry.

The Victorian was E. B. Jordan, aircraftman listed as presumed killed on active service. His mother lives in Hull, England.

The casualties and their next of kin:

Presumed killed in action—Sgt. F. W. O'Brien, born in Calgary, wife lives in England; Acting Pte. Lt. Lionel Manley Gaunce, born in Lethbridge, Alta., wife lives in Catherham, Surrey, England.

Killed on active service—P.O. S. J. Miller, born in Toronto, wife lives in Amersham, Bucks, England.

Presumed killed on active service—Sgt. H. W. Lee, born in Calgary, father lives in Birmingham, England.

**ELMER GONE**  
The Canadian half of the famous team of "Elmer and Dutch" was broken up with the loss of Gaunce, 26, who grew up in Edmonton.

Gaunce, awarded the Distinguished Flying Cross Aug. 19, 1940, for gallantry and "excellent coolness and leadership," was listed last Nov. 22 as "missing, believed killed in action."

Gaunce's decoration came after his return to Britain from France, where he had fought with the advance British striking force. In one of his encounters with the enemy he was forced to bail out when his plane, one of a small R.A.F. group, was struck by fire from one of more than 100 German planes over the Channel. To prevent the Germans from shooting him as he descended, he dropped through the Nazi formations before opening his parachute. He was pulled out of the water by the crew of a R.A.F. rescue boat.

Gaunce received his decoration at the same time as F.O. Petrus Hendrik Hoge, a young Afrikaner from South Africa who flew with him. After being notified of the award the pair went aloft and shot down three German aircraft to celebrate.

In November, 1940, Gaunce was taken to hospital, seriously ill of a duodenal ulcer, but he returned to active service as soon as he was cured.

Gaunce's parents, Mr. and Mrs. E. H. Gaunce, live at Derwent, Alta.

Miller, son of Mr. and Mrs. J. R. Miller, started his civilian career as an office boy for the Canadian Press and became a telegraph printer operator and mechanic.

He left the Canadian Press to go to England, where he was employed as an installation man on telegraph printers for the General Post Office. He learned to fly privately in London, enlisted in the R.A.F., and was sent to Canada for his advanced training, which he obtained at a Manitoba school of the Commonwealth Air Training Plan.

## 100,000 Men Serve R.C.A.F.

OTTAWA (CP).—Air Minister Power stated here the total strength of the C.A.F. at home and overseas now has passed the 100,000 mark and that it is fully expected the present objective of 25 R.C.A.F. squadrons overseas will be realized "before very long."

In addition to the more than 100,000 enlisted men, the air force employs about 12,000 civilians.

At the end of 1941, Maj. Power said in his statement, 21 R.C.A.F. squadrons had been organized overseas—at least 16 of them fully operational. The

others were rapidly completing their operation training.

Second anniversary of signing of the agreement for the British Commonwealth Air Training Plan was marked last month.

"For reasons of security, Mr. Power could not disclose the percentage of the total personnel who are aircrew, nor could he reveal the numbers overseas," the statement said, "but he did reiterate that, with the B.C.A.T.P. in full operation months ahead of the original schedule, trained aircrews are being poured out at an ever-increasing rate."

"The Air Minister expressed confidence the plan would soon be producing pilots, observers and wireless air gunners far in excess of the peak numbers originally scheduled."

(No figures have been made public on the number of graduates to be turned out annually

under the original schedule, but the figure of 30,000 a year has been considered a fair estimate.) "Thus we are creating a huge reservoir of youth and skill and gallantry which is becoming a major factor in establishing air superiority over the enemy," the minister said.

### NO NEW CENTRES

Every school and establishment under the plan had been completed. He said the "sky is

## Alaska Air Beam

EDMONTON (CP).—Radio beams are in operation along the air route from Edmonton to the limit for output of personnel, but it was not the intention to extend the plan by increasing the number of establishments but rather to continue to enlarge it by expansion of existing units.

Alaska, enabling commercial and military aircraft to fly over the route in all kinds of weather, it was learned here today.

It was announced in Ottawa last month work was being rushed to install all the beams within a short time.

With war raging in the Pacific, this air route has assumed great importance, especially for aircraft from the United States to fly through Canada to Alaska "behind the Rocky Mountains."

## Steinhardt to Go To Turkey for U.S.

WASHINGTON (AP).—Laurence A. Steinhardt, now U.S. ambassador to Russia, was nominated by President Roosevelt today to be ambassador to Turkey. He will succeed J. V. A. Mac Murray. Both are at present in the United States.

The sending of Steinhardt to Ankara fresh from his diplomatic service in Soviet Russia is regarded in some official quarters as significant.

Russian-Turkish relations have appeared to observers merely as wavering back and forth between the German and United Nations' cause as the tides of war have changed on the Russian front.

## Letters to the Editor

### CLOTHING EXCHANGE

May I encroach on your space to correct an error which appeared in my letter of Jan. 3?

The paragraph appears as: "Any of the above-mentioned people who have clothing which is outgrown or shabby," etc. This should read: Any of the above-mentioned people who have

clothing which is outgrown but not outworn or shabby, can bring it to us and exchange it for clothing of the same quality.

KATHLEEN MAGNAY.  
1234 Pandora Avenue.

### DOLLAR PATRIOTISM

Winston Churchill's call at Ottawa for all-out effort was so con-

vincing, our own Prime Minister can no longer sidestep conscription. I want to work but object to being bribed by \$1 an hour. Neither do I want less worthy men to get \$5, \$10, \$100. Let us have conscription of all industry.

F. A. THORNLEY.  
Sidney.

### HOW JAPS TREAT WHITES

According to William L. Shirer's radio commentary on Sunday, the Jap occupants of Manila have issued orders that all white persons, regardless of race or creed, must remain in their homes on penalty of being shot.

When Gen. MacArthur was in command of the city before Manila fell, he showed every courtesy possible to Jap civilians. Why not clear all the Japs in Canada off to some labor camp and let them build roads, etc., for military purposes.

What would we be doing if the Japs captured Victoria?

F. T. WHYTE.

### SUNSHINE INN HARD HIT

Upon reading the report of the Sunshine Inn, I was very greatly surprised to see they are lacking funds. A few weeks ago when the Community Chest were collecting they gave a statement as to who was to benefit by their grants, and they certainly mentioned the Sunshine Inn. Surely they cannot go back on their word to such a worthy cause, when other far larger organizations much more able to stand on their own feet still continue to benefit by the grant made to them.

M. GRAINGER.  
1031 Pandora Ave.

### FALL OF HONGKONG

Allow me to congratulate Mrs. Altree Coley on her letter re fall of Hongkong in which she apologizes for being wrong.

The writer's statement that "Divine promises are conditional upon obedience" opens up a wide field for speculation on her chosen race theory. I presume now one would be on firm ground if asserting that any race, even if cradled east of the Baltic and provided they obeyed the principle of righteousness, could be "God's chosen."

Let Christians leave it to the Totalitarians, with their "Nordic" illusions, to stress the idea of a chosen race and be good enough not to attribute to an "All Wise Father" the defect of favoritism.

M. E. BIRD.  
Patricia Bay.

### JAPS VERY POLITE

I have read many letters in your paper concerning Japs in British Columbia, and am surprised at the remarks of Mr. Bell. He certainly does not know the Japanese.

Over-politeness they nearly all have, but it means nothing excepting to say it is more or less nothing else than a prehensile tongue. Japanese characteristics are summed up by the Malays in this way: Talking nicely, but practising a dishonest heart.

I was a police officer in the Federated Malay States and know every inch of the ground they have invaded and are fighting in... in Petawan, in Lowoa Perak, Lumut, in the Dondoves, Kuatan, in Patang... all familiar places to me. Before the war there were about 50,000 Japanese resident in the Colony of the Straits Settlements and the Federated Malay States. I knew what they were doing. They deceived by a knowledge of the Malay language and the southern Chinese as harmless people, as "Tung Kus, Penghulu," government officials, and "Had Jis," Mohammedan priest, ordinarily accepted by the trusting Malay and Chinese as honest men. What was the result?

These were the men who had resided in the peninsula prior to the war, went back to Japan and deceived the people they formerly lived with by fifth column tactics. Intern all Japs by all means. It's better to be sure than sorry.

R. C. KEANE.  
1128 Empress Avenue.

### SCRAP

The B.C. Electric Company say they have no scrap.

The street car rails constitute an invaluable supply of scrap; it is inevitable that ultimately the rails will be cleared from the Greater Victoria thoroughfares. Why not make a start now?

A sudden change from street car to bus service is a difficult problem on account of the gasoline shortage. We will be called upon to face worse inconveniences and sacrifices in our war effort than a measure of temporary inconvenience in our transportation system. May I suggest that inasmuch as the dilapidated car service is a major problem facing the incoming council, the question be taken up at once with the B.C. Electric, the Dominion government and the existing bus services as to the possibility and

terms upon which the rails may be made available for scrap and the buses now operating can replace the street car system, the former to be gradually expanded as and when circumstances permit, and that a well-ordered jitney service supplement the buses meanwhile.

The immediate value of the scrap is of the first consideration, and coupled with the vast improvement and safety of our road beds and increased mobility of traffic makes an extra effort well worth while.

The electric power released from the street car service, and any other surplus available, can be best used toward the expansion of war and other industries.

A. J. MORLEY.  
1246 Montrose Avenue.

### HITLER'S YEAR

Predictions made for 1942 by commentators cannot be belittled, neither should they be criticized in any way, because they are the concentrated efforts of earnest men trying to look into the dark days ahead in order to comfort the people.

According to "Holy writ," the year 1942 will be the most outstanding year of all known history, perhaps, including the birth of our "Blessed Lord." According to these sacred documents, 1942 will be Hitler's year. But it will be his last. 1942 will see Turkey blocking Hitler's way to

the "East." Ah! Blessed "Ismael," what a glorious place will be found for her, in the New World. 1942 will see the greatest and final naval battle at the western part of the Mediterranean Sea, which will cause Hitler another stalemate and cause him to again strafe England's sacred places, in open defiance of national prayer. 1942 will see a stalemate on the Russian front for the first few months of the year, with renewed action during the later half of the year. The later half of the year we see the lights of the old world order getting darker. 1942 will see the spiritual powers enlisted in the defence of the civilized world. The invasion of Britain will not likely occur in 1942. If it does, it will be towards the end of the year. We shall not be in darkness, however, in knowledge, regarding this great event, we shall be shown great signs and wonders in order that Hitler will not catch us unawares, and to prove to the world there are greater men than Hitler.

STANLEY WESTERN,  
2860 Gorge View Drive.

### JAPS

Re the cowardly attack by the Japanese on the Hawaiian Isles and on the Philippines, is it not a true fact that we have from 26,000 to 30,000 of these "Sons of the Sun," as they so proudly call themselves, here in B.C.? If you and I were at this mo-

ment in Japan, God only knows what would happen to us. Even before the crisis a white man was not allowed to have any property over there. But here we have given them everything until they have become so strong and powerful that they have become a menace to our own business world and to the wage-earner. Kipling wrote: "East is east and west is west, and never the twain shall meet." Well, a Jap is a Jap, and I don't care how long he has been in this country. Whether he is naturalized or born here, he is still a Japanese in "soul, body and heart." The Japs have always been a treacherous race. They will smile in your face one minute and will stab you in the back the next. So let us not give them the chance to do any back-stabbing.

There is an old saying: "Forewarned is forearmed." Let us take a fore-warning from this cowardly assault on Hawaii and round up every Jap—and when I say every one I mean every one. Intern them some place in the interior of B.C. for the duration. After the war ship the whole caboodle of them back where they came from.

CAPT. E. LILLIE.

### HOW TO LOSE A WAR

The writer has followed the letter controversy in the press regarding Japanese in our province, sometimes with approbation, at times with misgivings.

The latest one from a Colonel Flick (retired) caused the use of the title to this letter.

Some facts are evidently forgotten by Col. Flick; we are now at war with Japan, and Japanese nationals are our enemies. That Mr. Chambers (and others like him) wish to do as they see best to protect themselves and their fellowmen in this province—also their women and children. Possibly Col. Flick does not bother to know what the Japanese have recently done to women and children while on the march through China.

To stand up for the peaceful happiness of enemy nationals in our midst and vituperate against Mr. Chambers and others like him, and to criticize at length our best friend and ally for Pearl Harbor, while they were at peace with the attacker, is sure to cause Hitler and Hirohito to exclaim "a few more like that and our enemies will surely lose the war, even if Germany and Japan do not win it."

No one seeks to terrorize and threaten Japanese that are in our midst. It is wished to remove them as much as possible from where they can do harm should occasion arise, and place them under sure guard. Colonel Flick speaks of the Gestapo: Would he claim the action of Britain in internment Germans at outbreak of war that of Gestapo?

As for the concluding sentence

of his letter: "All Japanese, etc., verily the high gods must laugh."

It has been mentioned that hardship and unemployment will result to these Japanese here on account of loss of boats. The writer knows considerable of his people who have had jobs and business abolished through this war which they did not start. More loss of jobs will result shortly re automobile restrictions. Would Mr. Flick, as a retired colonel, and others who agree with him, have these people write the Japanese government for assistance?

GEORGE BOYES.  
1115 Princess Avenue.

## AS I SEE IT...

BY The Right Honourable W. L. Mackenzie King

PRIME MINISTER OF CANADA

As I see it, this is a war for life itself. The attack on Pearl Harbor showed the whole world that no nation is strong enough or remote enough to survive in isolation. The forces of aggression are united; a union of the forces of freedom is essential to their survival. The very existence of the free world is at stake. There can be no compromise with an enemy determined to dominate the world by the ruthless power of Might. At last, the whole world knows that the fate of the city of Danzig, that the independence of Poland were never the real issue in this struggle. They were merely the excuse which Hitler seized to wage a war which today encircles the world. Hitler and his Nazi conspirators sought to conceal the magnitude of their sinister design to divide and destroy the nations one at a time. Britain was the first of the great free nations to tear off the Nazi mask. When Britain took up the sword to uphold Right against Might, Justice against Tyranny, Freedom against Slavery, Security against Terror, Religion against Paganism, the hope of Progress against the menace of Barbarism, the Future against the Past, Canada without hesitation stood at her side. Like Britain, Canada was quick to discern Hitler's evil intention to destroy civilization and to plunge mankind into the chaos of a reign of terror. Canadians may well be proud that they were the first of the peoples of the New World to perceive the world-encircling danger, the first to proclaim the true character of the struggle, and the first to take up arms for the preservation of life in the present, and of hope for the future. We clearly saw that everything free men value and cherish was in peril in this war.

Free men throughout the world are at last joined together in one great partnership. In this lies assurance of destruction of the evil forces which threaten the very existence of civilization. But the hour of victory and the hope of a new and better order for mankind depend upon the efforts of all who fight for freedom, truth and justice. These efforts cannot be made too great.

In this new year of new hope, we in Canada must strive harder than ever before. We must do our full part to make the ships and to man the ships which

patrol the North Atlantic passage; we must do our full part to make the planes and to train the airmen needed for the security of Britain and for the offensive against the enemy; we must provide food for the British people and for their fighting men as well as our own; we must provide arms and munitions in growing volume for Canada's fighting men and for the fighting men of Britain and the other allies; and we must maintain the Canadian army at full fighting strength.

More than ever before, it is apparent that the world can neither remain, nor long continue, half-slave and half-free. To preserve and enhance the freedom which we still enjoy, we must fight the evil forces of the enemy with every weapon at our command. We must fight, not alone to defend ourselves and our freedom, but eventually to rally to the side of freedom the peoples whose countries and whose lives have been so cruelly oppressed. Material weapons alone are not enough. In fighting for freedom we must uphold freedom; in championing truth, we must stand for the truth; in struggling against injustice and oppression, we must ourselves be just; in defending Christian civilization, we must be true to the great eternal principles. Only by adding to our material weapons, these great moral weapons, can we attain such a unity of effort that the enemy will know we shall never rest until we have achieved victory for the cause of Justice and Humanity. I speak for the Canadian people as a whole, when I say that we are unreservedly determined to maintain our stand at Britain's side, and at the side of the other nations that fight for freedom. In that determination, we are resolved to put forth our utmost effort, until the day of ultimate triumph over the evil forces that now seek to dominate the world.

*W. L. Mackenzie King*  
PRIME MINISTER

## Boy Hit By Car Dies in Ambulance

Struck down by a car near the Quadra Street School, Robert Gordon Carroll, 12-year-old son of Mr. and Mrs. Ernest James Ward, 3500 Quadra Street, died in Saanich police ambulance on the way to hospital at 6:20 Tuesday night.

Robert was walking along Quadra when he was hit by a car driven by William Alfred Atherton, 3805 Quadra Street.

Atherton told police he was proceeding north on Quadra. As he approached the Quadra Street hill his car overtook young Carroll, who was pushing a bicycle along the right hand side of the road. The car hit Carroll from behind.

The boy was born in Britannia Mines, B.C., and moved to Victoria, where he attended Quadra Street School. Besides his parents, he is survived by a sister, Kathleen Patricia, and a brother, Edward F. Carroll, at the family residence; his great-grandfather, Frank Stewart, Vancouver, and his grandmother, Mrs. Mary Baker, Victoria.

Young Carroll was the first victim of a fatal automobile accident in Greater Victoria in 1942.

An inquest into the death will

## TOWN TOPICS

Ward Five Liberal Association meeting scheduled for tonight has been canceled until further notice.

Parents of members of the Victoria Boys' Band will meet tonight in the committee room of the City Hall at 8.

City firemen at 9:35 today extinguished a roof fire at 866 North Park Street. The fire started from sparks from the chimney.

Dr. W. W. Bryce will show his collection of colored slides of chrysanthemums in bloom to members of the Victoria and District Chrysanthemum Society tomorrow at 8 in the City Hall.

L.A.C. William A. MacLean was found guilty of dangerous driving in city police court today following an accident at Yates and Cook Dec. 21 and was fined \$25. MacLean's car crashed into a car driven by Henry Brothers. Damage to the Brothers' car was \$205.

Oak Bay received second place among cities of 5,000 to 10,000 population in B.C. for activities during Fire Prevention Week, Oct. 5 to 11, and throughout 1941. Fire Chief E. G. Clayards said Tuesday. The award was made by a committee of judges chosen from Canada and the United States.

Saanich firemen extinguished a rubbish fire in the basement of the home of Mrs. J. Slobbut, 3121 Earl Grey Street, today before much damage resulted. Called to the fire at 12:56, firemen found hot ashes left in a cardboard box in the basement were responsible for the fire. Damage was limited to charring of the basement ceiling.

## City Prepared If Snow Heavy

The city engineer's office, eyes cocked at snow clouds, hoped for the best today and prepared for the worst.

The two big snowploughs used on other years were ready for action should the fall prove heavy.

Two men were stationed at Johnson Street bridges clearing the spans to prevent the extra weight of snow from interfering with the raising and lowering of the movable section.

Regular workmen were engaged clearing crossings in the downtown area and city cars were equipped with ski chains. Pending a quick freeze, no action was taken to sand the streets, such treatment being considered useless while snow still fell.

A meeting with the City Council to discuss the usual grant to the Victoria and Island Publicity Bureau was sought by directors of the bureau for Jan. 19, in a letter received at the hall today.

No further funds will be forwarded to the London Lord Mayor's Fund until the city has completed collections on two contests being staged in aid of the fund. One, for which the prize is a face tablecloth, will close on Jan. 15. The other, for which a thoroughbred is the prize, will be completed by Jan. 19.

A surplus from 1941 of over \$250,000 was forecast by Mayor McGavin today as he reviewed the city's financial picture for the coming year.

Prepaid taxes received up to Tuesday night by the city collector's department amounted to \$195,545, a figure \$1,820 above the total for the corresponding period in 1941. An allowance of 5 per cent per annum is granted on payments from Oct. 1, the due date.

Compensation of \$109.50 is sought from the city by Violet E. V. Mesher for injuries she sustained when she fell on Monies Street, between Michigan and Simcoe, Jan. 2. The claimant blames her fall on the uneven condition of the sidewalk there.

Smith's Hill water will be tested frequently to assure its purity and forestall contamination by possible saboteurs, health officials announced today. The reservoir is an auxiliary supply source.

## Indignant Over Lack Of A.R.P. Equipment

James Bay A.R.P. workers expressed indignation, Tuesday night, when the district warden for 3 C, James Bay, said that to date only 25 steel helmets, five scoop shovels and four shovels had been received for the 125 wardens of that district. He spoke at a meeting of wardens of the district at South Park School.

A resolution was passed asking "that immediate action be taken by the proper authorities to remove all Japanese from British Columbia to points east of the Rockies." A copy of this resolution will be forwarded to Hon. George S. Pearson, Provincial Secretary and Minister of Labor.

## New Gun for Britons

LONDON (CP)—A new rifle, with a needle-pointed 9-inch bayonet and virtually the same mechanism as the standard Lee-Enfield rifle, is being issued to the British army. It was disclosed tonight.

Experts said the bayonet—7½ inches shorter than those now in use—is a better weapon for hand-to-hand fighting.

## Wider Insurance

OTTAWA (CP)—Cabinet consideration is being given an amendment to the Unemployment Insurance Act extending its provisions above the present \$2,000 limit. It was authoritatively reported today.

## May Settle Strike

OTTAWA (CP)—A delegation representing owners of Kirkland Lake Gold Mines conferred this afternoon with Labor Minister Mitchell in a move toward settlement of the union recognition strike in effect at eight mines since Nov. 18.

Mrs. W. H. Brown, proprietress at Brown's Victoria Nurseries, 618 View Street, reported to police Tuesday evening her store had been broken into. City police found the lock on the basement door had been broken. An attempt was made on the door leading from the basement to the store, but without success. Mrs. Brown reports nothing was missing.

## Notable Session Looms

## Liquor, A.R.P., Japanese To Start Lively Debates

First session of B.C.'s 20th Legislature will reconvene tomorrow afternoon at 3, when Mrs. Nancy Hodges, Liberal, Victoria, and Mrs. Tilly Rolston, Conservative, Vancouver, Point Grey, will be the speakers, moving and seconding the address in reply to the Throne speech.

The session will be notable in that it will mark the first coalition government in the history of the province. When the Legislature opened Dec. 4, a Liberal government, under T. D. Pattullo was in charge of the House.

Tomorrow, also, will mark the first appearance in the Legislature of Hon. John Hart as Premier. Mr. Hart, it is expected, will make a statement to the House outlining proposed legislation.

The day will be notable also, for will see Mr. Pattullo take his seat as a private member for the first time since he was elected for Prince Rupert in 1916. In those years he has never sat as a private member.

From 1916 to 1928 he was Minister of Lands from 1928 to 1933 Leader of the Opposition, and from 1933 to 1941 Premier and first Minister of the Crown. When the House opened Dec. 4 he was Premier.

Three new ministers will be in the cabinet benches—Hon. Herbert Anscomb, Minister of Mines, Trade and Industry; Hon. R. L. Maitland, Attorney-General; Hon. H. G. T. Perry, Minister of Public Works.

Hon. R. W. Brown, Minister of Public Works, will not be here for a week or 10 days. At present he is recovering from a heart attack at his Vancouver home.

Harold Winch will make his debut as the youngest Leader of the Opposition in B.C.'s history. Under him will be the strongest line-up of C.C.F. members the province has ever had—14 in all, eight of them from the Greater Vancouver area. Unusual, too, is the fact that Vancouver City will have no Liberal in the House.

It will also be the first time since 1916 that Victoria has been represented by a solid Liberal block, now all coalitionists—Hon. John Hart, Mrs. Hodges and W. T. Straith.

Also making history will be the five L.A.C.s—more than the House of Commons and the eight other provincial Legislatures of Canada combined.

First big job of the Legislature will be to ratify the financial agreement completed a few weeks ago in Ottawa by the Premier and Attorney-General with the Dominion government, whereby Ottawa gets all income tax for the duration of the war. This is expected to pass the Legislature with little debate.

## A.R.P. WORK

Text of the resolution is: "That in the interest of the safety of British Columbia and Canada, it is imperative that all Japanese be immediately interned and removed east of the Rockies."

Hon. G. S. Pearson, Provincial Secretary, now in Ottawa, was advised of the action of the district wardens.

## Overnight Entries At Tropical Park

First race—Six furlongs: Classic Beauty 104, Battalion 116, War Deafened 111, High Heat 116, Fling 119, Alton 114, 8th's Betty 141, Vale Victoria 111, Summit 114, Silent Host 116, Klieg Light 116, Not Yet 109, Donna Clara 106, Puma First 116, River 106, Pomeal 114, Nicholas 8, 116, Puma 114.

## Action Urged On B.C. Japs

A resolution was sent to Ottawa today by the Britannia Branch of the Canadian Legion urging stringent action against Japanese in B.C., including internment at a point beyond the province, confiscation of certain radios and cameras and provision for strict penalties in cases of sabotage.

The resolution was passed at a general meeting Tuesday night.

Copies were sent to the Prime Minister of Canada; Alex Walker, Dominion president, provincial command; R. W. Mayhew, M.P. for Victoria, and Mayor Fred Hume, chairman of the committee on Oriental affairs, Ottawa. It recommends:

"1. Taking into protective custody all Japanese, whether alien or native born immediately and to be confined for the duration of the present war, at points other than B.C.

"2. All Japanese boats be confiscated and not be released to any Japanese or any agent of such people.

"3. All short wave radio equipment and cameras at present in the possession of Japanese in Canada be confiscated at once.

"4. In any proven act of sabotaging the economic security of the Dominion of Canada by Japanese nationals, during the existing state-of-war between the Dominion of Canada and Japan, such offence shall be subject to the same penalties as enforced by the government of Japan.

"5. That the action of external affairs officials at Ottawa, as reported in Victoria Daily Times on Jan. 6, 1942, be severely condemned and, if correctly reported, such official or officials be suspended forthwith pending inquiry and further statements emanating from the Department of External Affairs, shall in turn only be released by the responsible minister of the department."

Clause 5 refers to the announcement of external affairs officials of their disapproval of the anti-Japanese movement in British Columbia, allegedly led by Alexander H. D. Wilson, Vancouver. It also covers the statement to the effect the officials were not alarmed over the Japanese situation in this province, and urged no anti-Jap demonstrations to avoid reprisals in Japan.

## Intern Japanese, Wardens Urge

A resolution urging the immediate removal of British Columbia Japanese to areas east of the Rockies was forwarded to Prime Minister Mackenzie King by A.R.P. wardens of the southern Oak Bay district Tuesday.

The resolution, which was endorsed by Reeve W. L. Woodhouse, was formulated at a meeting of 90 wardens addressed by District Warden C. R. Hetherford.

Text of the resolution is: "That in the interest of the safety of British Columbia and Canada, it is imperative that all Japanese be immediately interned and removed east of the Rockies."

Hon. G. S. Pearson, Provincial Secretary, now in Ottawa, was advised of the action of the district wardens.

## Overnight Entries At Tropical Park

First race—Six furlongs: Classic Beauty 104, Battalion 116, War Deafened 111, High Heat 116, Fling 119, Alton 114, 8th's Betty 141, Vale Victoria 111, Summit 114, Silent Host 116, Klieg Light 116, Not Yet 109, Donna Clara 106, Puma First 116, River 106, Pomeal 114, Nicholas 8, 116, Puma 114.

## Obituaries

## HILAIRE ROCHON DIED TODAY

Hilaire Rochon, member of the well-known confectionery firm, died today at St. Joseph's Hospital, aged 57. A native of Blue Bonnet, Lachine, Quebec, Mr. Rochon came to Victoria about 40 years ago and with his late brother, Emmanuel, started a chocolate-making business on the old bridge where the Causeway now stands. He was a veteran of the Great War, and a member of the Army and Navy Veterans' Association.

He resided at 685 Alpha Street and leaves two brothers, F. Rochon and J. Rochon, both of Vancouver, B.C.; one sister, Mrs. J. Dames, 1176 Yates Street, and a nephew, A. Rochon, 3273 Seaton Road.

Funeral arrangements will be announced later by Sands Mortuary.

WILKINSON—Mrs. Ruth Wilkinson, widow of George Edward Wilkinson of 50 Sims Avenue, Saanich, died this morning in her 82nd year. She was born in England and had been a resident here since 1911. She leaves six sons, Frederick Sharp, in England; Major John Sharp, Salvation Army, St. Petersburg, Fla.; George Edward Wilkinson, Australia, and Maurice, Harold, and Frank Wilkinson, of this city; 11 grandchildren and two sisters in England. Funeral Friday at 2 at Haywards B.C. Funeral Chapel under the auspices of the Salvation Army. Cremation at Royal Oak.

NEWTON—Funeral service for James Barton Newton will be conducted at Thomson Funeral Home Friday at 2:30 by Rev. George Biddle. Interment at Royal Oak.

JUKES—Mrs. Andrew Jukes, 81, of Vancouver, died recently in Los Angeles. A resident of British Columbia since 1893, Mrs. Jukes is survived by two sons, A. E. Jukes, Vancouver, and Major A. H. Jukes, Saanich; two daughters, Mrs. Noel Purdon Graves, and Miss Laura Jukes, both of Vancouver; eight grandchildren and one great-grandchild. A memorial service, conducted by Rt. Rev. Sir Francis Heathcote, was held in Vancouver.

MACLAREN—Mrs. Isabel MacLaren, widow of Rev. David MacLaren, died Tuesday evening at her home, 1436 Stadacona Avenue. She was born in Belleville, Ontario, and had been a resident of this city 21 years. She leaves one daughter, Miss Jean Marjory MacLaren, 1438 Stadacona Avenue; one son, William John, in Vancouver; one grandson, two sisters, Mrs. Thornton Fell, Victoria, and Mrs. John MacLaren, Brockville, Ont., and one brother, Judge J. A. Forin, Vancouver. The remains are resting at McCall Bros' Funeral Chapel, where service will be held Thursday at 2. Rev. J. L. W. McLean will officiate; interment at Colwood.

KER—Mrs. Frederick I. Ker, wife of Frederick Innes Ker, managing director to the Hamilton Spectator, died during the night at her home, "Staplehurst," Dundas, Ont. Mrs. Ker, the former Amy Wilson Southam, was born in Montreal in 1896, the daughter of F. N. Southam. The late William Southam of Hamilton was her grandfather.

She married Mr. Ker at Montreal in 1919 and for a time resided at Port Allen, B.C. She and her husband went to Hamilton in 1921. Surviving are her husband and four children. Her eldest son, Sub-Lt. F. S. Ker, lost his life while serving with the Royal Canadian Navy September, 1940.

CANNON—Funeral service for Albert Benjamin James Cannon was held in McCall Bros' Funeral Chapel Tuesday afternoon. Rev. O. L. Jull conducted the service. Pallbearers were: J. Vail, Pte. J. Bayley, W. Crouch, T. Prasser, C. Wagland and B. Bayley. Interment at Colwood.

KOSCIK—Edward Albert Kosciak, aged 44, died at Mount St. Mary's Hospital, Victoria. Born in Australia he had lived here six months, coming from Vancouver, where he lived 12 years. He leaves his widow, one son and daughter in Vancouver. Thomson Funeral Home will forward the remains tonight to Vancouver for service and interment.

SANDERS—Funeral service for Thomas Henry Sanders was held this morning in the Sands Mortuary. Rev. J. R. Fife officiated. Pallbearers were: J. K. Nesbitt, G. H. Sams, C. E. Oliver, H. Sams, G. R. Martin and G. H. Slater. Interment at Royal Oak.

## Olympics Head Dies

BERLIN (German Broadcast)—Recorded by A.P.—County Henry de Baillet-Latour, 67, president of the International Olympic Committee, died today at Brussels, his home.

## Enjoy ALL of Radio—and Records Too!

This table model RCA Victor is immensely popular because it offers the complete range of home entertainment of a much more expensive instrument. It has both standard and short wave; bandspread dial for easy tuning; plays records with all the clearness and volume of a larger console-type radio. Price, complete with \$3.00 worth of records, \$99.50.

**FLETCHER BROS.**  
1130 DOUGLAS STREET (VICTORIA) LTD.

## Auto Accidents

Miss Jean Roberts, 403 Young Street, was taken to St. Joseph's Hospital at 8:40 today suffering from shock following an automobile accident at Quadra and Burdett Avenue. She was treated by Dr. Hermann Robertson.

Miss Roberts was a passenger in a car driven north on Quadra by her sister, Miss Mary Roberts. The auto was in collision with a car driven west on Burdett by Sub-Lieut. Thomas Cook, 225 Robertson.

Both cars were considerably damaged, city police reported. An Australian terrier, owned by Miss Janet Duncan, 1575 Despard Avenue, was run over and killed by a car driven by J. C. Stuart at 9 Tuesday evening.

Five motorists were fined \$250 each in city police court today for overparking.

CLARKSON—Rev. J. R. Fife conducted last rites at Haywards B.C. Funeral Chapel Tuesday for George Eldon Clarkson, 203 Skinner Street, who died suddenly last Friday, aged 66 years. He was born in Beverley, Hull, Yorkshire, England, and came to Victoria in 1910. He was a member of the Army and Navy Veterans and leaves his widow, one son, Pte. A. R. Clarkson, Victoria, and one daughter, Mrs. E. Tether, Trail, B.C. The casket was draped with the Union Jack and laid at rest at Royal Oak. Honorary pallbearers were: Brig. J. Sutherland Brown, George Gardiner, W. Jackson, P. Sinnott, R. V. Jenkins and F. Mann; active pallbearers were W. Lawrie, J. Johnson, A. Linn, J. Walriner, R. W. Margetts and J. C. Rivers.

## Still Unconscious

Condition of Flying Officer J. L. Pape of Patricia Bay, listed as dangerously injured in the R.C.A.F. casualty list issued Tuesday, is unchanged, Jubilee Hospital authorities said today. F.O. Pape has failed to gain consciousness for any length of time since he was injured in an automobile accident on the East Saanich Road Saturday.

## Gallup Poll

Canadians Accept Price Ceilings  
But Want More Information

TORONTO — The average Canadian has accepted the fact of price and wage ceilings, but a substantial number of them would still like to have more information about the program's operation—and about the way the order affects them personally.

That is indicated today in a nation-wide fact-finding study just completed by the Canadian Institute of Public Opinion (the Gallup Poll of Canada).

While more than three voters in every four went on record in an earlier survey as favoring the program, largely on the grounds that it would help to forestall serious inflation, the present test shows that at least 45 per cent of the voters are not sure what the order involves for them. "Do you feel you have a clear idea of what the price and wage ceilings involve so far as you personally are concerned?" the institute asked men and women in all parts of the Dominion. The replies were:

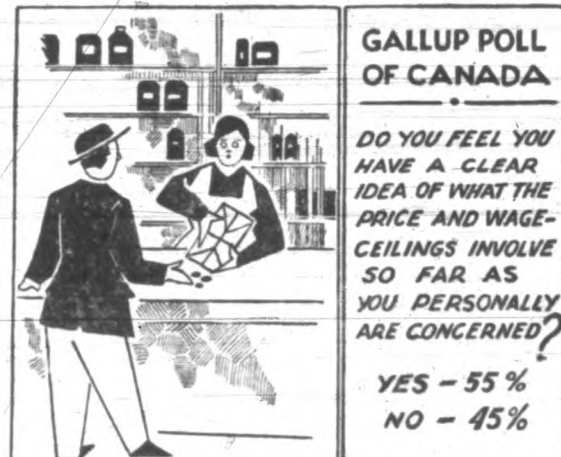

Yes—Have Clear Idea 55%  
No—Don't Have Clear Idea 45%

The survey disclosed the interesting fact that approximately one person in 10 was entirely ignorant that a price-fixing order had actually been issued. In most cases these were men and women living on distant farms, usually without a regular newspaper or radio.

In general the survey indicates that the educational program of the Price Control Board has been most effective in Ontario, Manitoba and British Columbia, least effective among the farm population of Quebec.

## INFORMATION, PLEASE

To see what information average citizens would seek if they could put their questions directly

to the Price Control Board, the institute asked:

"Is there any particular thing about the new law you would like to know more about?"

Aside from questions about the overall operation of the order, the commonest queries were as follows:

Application to Farm Products — "I'm a farmer; what am I supposed to do?"

Enforcement — "What's being done to enforce it? Is it true that the cost of living is still going up, and, if so, why is this?"

Articles involved — "I saw the list of things once, but I'd like to see it again. Just what does come under the law?"

Wages and Cost of Living — "When do we hear about cost of living bonuses? When will it be possible to raise wages a little? Who all are involved?"

Other typical questions include: "Will professional incomes be limited?" "Will prices always vary from store to store?" "Why doesn't the government make every storekeeper hang a list of October prices over his counter?"

The survey found business and professional men relatively well informed regarding the provision, but even among these groups approximately one person in four still wanted further information. Farmers, small storekeepers and unskilled laborers showed least information.

The Price Control Board is now engaged in setting up district and regional offices in scores of Canadian cities and towns, which will serve as information and enforcement centres on these and other questions. Meanwhile, the board points out, copies of its orders are on file at banks and government offices.

## BRITISH PUBLIC HAS NO "SHORT-WAR" NOTIONS

LONDON — The British public is refusing to lull itself with notions that the present world conflict will end in a sudden smash-up of the Axis forces, or as a result of early uprisings in Hitlerland, a nation-wide survey by the British Gallup Poll reveals today. Asked how much longer they expected the war would last, 63 per cent of the Britons in the

ILONA MASSEY  
IN "NEW WINE"

Vienna, that once wonderful city of song and springtime and enchantment, is brought back via the screen in the new Gloria Picture, "New Wine," based on a romantic episode in the life of Franz Schubert, which starts a run at the Plaza Theatre Thursday through United Artists release. Erno Metzner, for a long time assistant to Vincent Korda, acted as art director on this picture and kept all the settings in accord with tradition.

COLBERT IN GAY  
MARITAL COMEDY

"Skylark," one of the merriest movie romances of the season, starring Claude Colbert, Ray Milland and Brian Aherne, opens today at the Atlas Theatre. It is a gay comedy of the matrimonial errors of a modern young couple and a handsome, footloose bachelor.

Claudette portrays a modern young wife who divorces her advertising husband when he places his business career ahead of their love.

Others in the cast are Binnie Barnes, Walter Abel, Mona Barrie, Ernest Cossart and Grant Mitchell.

Parade of Girls,  
Gags, New Songs

Beauty to rave about! Rhythm to cheer! New Cole Porter songs to sing and swing! And all in one scintillating star-spangled army musical! Exciting... the beauty of Rita Hayworth! Sensational... the toe-tickling dancing of Fred Astaire! Hilarious... the side-splitting comedy of Robert Benchley! Great... the thrill of battalions of girls in eye-ravishing manoeuvres!

They're in the army now... Fred Astaire and Rita Hayworth in the year's mightiest bombardment of songs, laughs and girls, Columbia's "You'll Never Get Rich!" The joyous extravaganza opens tomorrow at the Capitol Theatre, with a featured supporting cast which includes John Hubbard, Osa Massen, Guinn "Big Boy" Williams and Donald MacBride.

'The Last Outpost'  
Stirring Drama

"The Last Outpost" starring Cary Grant and Claude Rains, a glorious drama by the studio which produced "The Lives of a Bengal Lancer."

The second feature is "The Ex-Mrs. Bradford," starring William Powell and Jean Arthur. The detective sticks his head into a "hornet's nest" to solve a perfect crime. These pictures are the program coming to the York Theatre tomorrow for a three-day run.

## FELLER IN NAVY

NORFOLK, Va. (AP)—Baseball's Bob Feller started work for Uncle Sam Tuesday.

The American League pitcher, who has been with Cleveland Indians since 1936, checked in at the naval training station Monday night to assume his duties as chief boatswain's mate under the navy's physical fitness program. Feller will go through the trainer school at the base before helping train navy recruits.

# BLACK-OUT ORDERS

WHEREAS the Minister of Pensions and National Health under Article 35 of the Defence of Canada Regulations has conferred certain authority on me:

NOW, THEREFORE, I, the undersigned Premier of the Province of British Columbia, pursuant of such authority hereby order:

THAT in the Province of British Columbia the following provisions shall be in effect—

## PRELIMINARY PROVISIONS

- There are two types of black-out, a "Precautionary Black-out" and an "Imminent Danger Black-out" but a Precautionary Black-out shall be applicable only to that part of the Province lying to the west of the summit of the Cascade Range.
- A Precautionary Black-out will be announced by the civilian protection (air-raid precautions) service, through the press, on the radio, and by other means; but not by sirens, whistles or similar instruments.
- An Imminent Danger Black-out will be announced by sirens, whistles or similar instruments.
- The public is required to recognize every black-out that is announced by sirens, whistles or similar instruments as an Imminent Danger Black-out; and on the other hand, to recognize every black-out that is NOT announced by sirens, whistles or similar instruments, as a Precautionary Black-out.
- While a Precautionary Black-out and an Imminent Danger Black-out are alike in respect that during both all lights must be extinguished or completely masked, they differ in that during an Imminent Danger Black-out, whether by day or by night, all vehicular traffic must cease (with lights extinguished at night time) and pedestrians must use sidewalks only, whereas, during a Precautionary Black-out vehicles with masked headlights may continue to operate (but not above fifteen miles per hour) and pedestrians are unrestricted. (See detailed provisions below).
- An Imminent Danger Black-out will only be used when there is a threat of immediate attack. A Precautionary Black-out will be used when danger is believed to exist and lights might assist the enemy, but the threat does not justify the cessation of traffic.

## PRECAUTIONARY BLACK-OUT

### DETAILED PROVISIONS

- Upon the announcement of a Precautionary Black-out the following provisions shall be in force and shall be observed by every person in that part of the Province lying to the west of the summit of the Cascade Range throughout the duration of the Precautionary Black-out:
  - Promptly at the time specified for the commencement of the black-out every person shall—
    - Extinguish every light under his control; or
    - Completely mask every light under his control so that no light, reflection or glare is visible except inside the building or enclosure within which the light is completely enclosed.
  - After the commencement of the black-out no person shall create any light unless it is completely masked in the manner above described.
  - The Black-out requirements shall not apply to any light from the lamps used on any vehicle when in use during a Precautionary Black-out, if such lights are in conformity with the requirements and specifications issued by the Commissioner of Provincial Police. (See Regulations for Motor Vehicles etc., printed below).
  - Unless he holds a special permit no person shall during a Precautionary Black-out drive any motor-vehicle or any motor-cycle at a greater rate of speed than 15 miles per hour.
  - During every Black-out the driver of every street car and locomotive shall comply with the regulations prescribed by the Commissioner of Provincial Police.
- Every Precautionary Black-out shall apply to the area of British Columbia lying to the west of the summit of the Cascade Range.
- After its commencement a Precautionary Black-out shall continue in force until one half-hour before sunrise.

## IMMINENT DANGER BLACK-OUT

### DETAILED PROVISIONS

- A signal, consisting of a series of five blasts, each of the duration of five seconds, with an interval of two seconds between each blast, the series being sounded three times, with a pause of one minute between each series of blasts, shall be and shall be known as the "Imminent Danger Signal."
- A signal, consisting of a series of three blasts, each of a duration of twenty seconds with an interval of three seconds between each blast, the series being sounded three times with a pause of one minute between each series of blasts; shall be and shall be known as the "Change to Precautionary Signal."
- Upon the sounding of an Imminent Danger Signal in any part of the Province:
  - Every person within range of the signal, shall, so far as lights are concerned, be subject to the same requirements as are prescribed for a Precautionary Black-out.
  - Every person within range of the signal who has control of any vehicle or cycle whether in motion or not upon any street or highway, shall draw it to the curb or side of the street or highway and bring it to a complete stop and shall keep it stationary with the lights extinguished until sounding of the Change to Precautionary Signal. This clause is applicable during both DAY and NIGHT but shall not apply to any person or class of persons who have a permit from me or from the Commissioner of Provincial Police.
  - During the period of any Imminent Danger Black-out no person, who is within range of the signal shall proceed along any street or highway, where there is a sidewalk, save upon the sidewalk except at crossings; and, in the case of any street or highway where there is no sidewalk, no person shall proceed along that street or highway. This clause is applicable during both DAY and NIGHT.
- In that part of the Province lying to the west of the summit of the Cascade Range upon the sounding of the Change to Precautionary Signal there shall, if the sounding occurs during the hours of darkness, be a change over to Precautionary Black-out and such Precautionary Black-out shall remain in effect until one half-hour before sunrise, but in the remaining part of the Province the Change to Precautionary Signal shall be deemed to be a signal permitting a resumption of normal conditions.

## GENERAL PROVISIONS

- If, during any Black-out (whether Precautionary or Imminent Danger) any light is visible in contravention of these orders, it shall be the duty of any person to request the person in control of apparent control of such light to comply with these orders; and, in any case of continued non-compliance, any civil protection (air-raid precautions) warden, police officer, peace officer or any member of a fire force, may take in relation thereto all such steps as may be reasonably necessary for the enforcement of these orders including entry of premises and boarding of vehicles or vessels.
- I hereby empower any senior police officer, as defined in the Defence of Canada Regulations, or any constable acting under the general or special directions of such senior police officer, to prohibit or restrict, in the event of hostile attack or the apprehension of hostile attack, the display of any light which would otherwise be lawful under these or any other orders relating to Black-outs.
- I hereby authorize the Commissioner of Provincial Police to make regulations prescribing the lights that may be displayed on any motor-vehicle, bicycle, motor-cycle, car, or locomotive during any Precautionary Black-out under these or any other orders and requiring that no motor-vehicle, bicycle, motor-cycle or car, or locomotive shall be used unless such lights are displayed.
- Where the lamps on any motor-vehicle, bicycle, motor-cycle or car have been altered so as to comply with regulations made under these orders, the motor-vehicle, bicycle, motor-cycle or car may be used with the lamps as so altered when there is no Black-out, notwithstanding the requirements of any Statute or law to the contrary; but no person shall, during the period from one half-hour after sunset to one half-hour before sunrise, drive or operate any motor-vehicle or motor-cycle with masked lights at a greater rate of speed than 15 miles per hour even although there is no Black-out.
- Exemptions from Black-out requirements under these orders may from time to time be granted by me or by the Commissioner of Provincial Police in respect of any locality within the Province or in respect of any period of time, person or class of persons, public utility, public service or industry and an exemption may at any time be rescinded by me or by the said Commissioner. Notice of exemption and of the rescinding of any exemption may be given in such manner as I or the Commissioner may determine. Every exemption shall be subject to such conditions and restrictions as are prescribed in relation thereto.
- Except as herein provided, no person shall without authority from me announce a Precautionary Black-out or sound the Imminent Danger Signal or the Change to Precautionary Signal.
- Pursuant to authority conferred on me I hereby delegate to the General Officer Commanding in Chief, Pacific Command, power to order either a Precautionary Black-out, or an Imminent Danger Black-out as and when he may see fit.
- After the date of this order no person shall leave any light without first providing that there shall be, at all times, some person in proximity thereto who has the authority and means of immediately extinguishing or masking such light.
- These orders supersede all previous Provincial orders relating to black-outs in British Columbia.

withstanding the requirements of any Statute or law to the contrary; but no person shall, during the period from one half-hour after sunset to one half-hour before sunrise, drive or operate any motor-vehicle or motor-cycle with masked lights at a greater rate of speed than 15 miles per hour even although there is no Black-out.

Exemptions from Black-out requirements under these orders may from time to time be granted by me or by the Commissioner of Provincial Police in respect of any locality within the Province or in respect of any period of time, person or class of persons, public utility, public service or industry and an exemption may at any time be rescinded by me or by the said Commissioner. Notice of exemption and of the rescinding of any exemption may be given in such manner as I or the Commissioner may determine. Every exemption shall be subject to such conditions and restrictions as are prescribed in relation thereto.

Except as herein provided, no person shall without authority from me announce a Precautionary Black-out or sound the Imminent Danger Signal or the Change to Precautionary Signal.

Pursuant to authority conferred on me I hereby delegate to the General Officer Commanding in Chief, Pacific Command, power to order either a Precautionary Black-out, or an Imminent Danger Black-out as and when he may see fit.

After the date of this order no person shall leave any light without first providing that there shall be, at all times, some person in proximity thereto who has the authority and means of immediately extinguishing or masking such light.

These orders supersede all previous Provincial orders relating to black-outs in British Columbia.

Dated at Victoria, British Columbia, this 6th day of January, 1942.

JOHN HART,  
Premier of British Columbia.

Attention is directed to Section 11 of Regulation 35 of the Defence of Canada Regulations. This Section is in force throughout the whole of British Columbia.

## DEFENCE OF CANADA REGULATIONS

### SECTION 11 OF REGULATION 35

- No street lights or lights outside of a building, excepting those operated for street lighting purposes only, shall be displayed in any area specified in any order made under the provisions of sub-section 1 (a) hereof for prohibiting or regulating the display of lights, during the hours between sunset and sunrise, and for greater certainty, but not so as to restrict the generality of this prohibition, the same shall apply to advertising and display signs of any description whatsoever, whether neon signs or not, and all individual lights on or in front of residences or business houses whether for lighting purposes or otherwise. (The above applies to the whole of British Columbia).
- No lights shall be displayed in business premises excepting during business hours when not prohibited under any other provision of these regulations and whilst staff is present on the premises to blacken out the same should an air-raid alarm occur.
- The restrictions imposed by sub-sections (a) or (b) hereof may, at any time, in whole or in part, be removed either temporarily or permanently by order of the Minister of Pensions and National Health.

## REGULATIONS RELATING TO LIGHTS THAT MAY BE DISPLAYED ON ANY MOTOR-VEHICLE OR TRAILER DURING ANY PRECAUTIONARY BLACK-OUT PERIOD WITHIN THE PROVINCE OF BRITISH COLUMBIA

BY VIRTUE of authority vested in me by the orders relating to black-outs within the Province of British Columbia made by the Premier of British Columbia on the 6th day of January, 1942, I hereby make the following regulations:

- Every person in charge of any motor-vehicle other than a motor-cycle operated during any Precautionary Black-out, shall keep lit not less than two headlights and not less than one and not more than two tail-lights, all of which lights shall be masked in accordance with the provisions of these regulations. (See Regulations 5 and 6.)
- Every person in charge of any motor-cycle operated during any Precautionary Black-out shall keep lit only one headlight and only one tail-light, both of which shall be masked in accordance with the provisions of these regulations. (See Regulations 5 and 6.)
- Every person in charge of any trailer operated during any Precautionary Black-out, shall keep lit only one tail-light thereon which shall be masked in accordance with the provisions of these regulations. (See Regulation 6.)
- No person in charge of any motor-vehicle or trailer shall keep lit any light other than those above referred to whilst such motor-vehicle or trailer is being operated during any Precautionary Black-out, except as follows:
  - A dashboard light may be used to illuminate any instruments on the dashboard;
  - Destination or route signs may be used on large passenger-carrying equipment;
  - Interior illumination may be used on large passenger-carrying equipment provided the illumination is masked so that no light is visible from beyond a distance of 50 feet;
  - Clearance lights may be used on motor-vehicles and trailers having a width, including the load thereon, in excess of 80 inches at any part.
- All headlights of motor-vehicles operated during any Precautionary Black-out must be completely blacked out, with the exception of a horizontal slit three inches in length and one-quarter of an inch in width. The horizontal slit shall be so located that the top of such slit shall be one inch below the centre of the headlight lens.
- Every tail-light on any motor-vehicle or trailer operated during any Precautionary Black-out must be completely blacked out with the exception of a circle one-half inch in diameter which shall project the light rays therefrom on a horizontal plane or as near a horizontal plane as possible.
- These regulations shall not extend to motor-vehicles in respect of which special permission exempting them from these orders has been issued by me, but the person in charge of any such motor vehicle so exempted shall comply with all requirements contained in such special exemptions.

DATED at Victoria, this 6th day of January, 1942.

T. W. S. PARSONS,  
Commissioner of Provincial Police.

I, RONALD OKEDEN ALEXANDER, as General Officer Commanding in Chief, Pacific Command, as Senior Defence Official of the Area of British Columbia declared vulnerable and also on behalf of the Minister of National Defence, the Minister of National Defence for Naval Service, and the Minister of National Defence for Air, concur in the orders relating to Black-outs made by the Honorable John Hart, the Premier of British Columbia, this day; with this reservation, that the said orders shall not apply to any lights or emergency measures that may be deemed necessary by any of the Defence Forces.

SIGNED at Vancouver this 6th day of January, 1942.

R. O. ALEXANDER,  
Major-General.

## New York Stocks

NEW YORK (AP)—Stocks moved to lower levels today but market action generally was a trifle better after the publication of President Roosevelt's budget message at midday.

Down most of the day were U.S. Steel, General Motors, Chrysler, Sears Roebuck, Douglas, American Can, and Texas Co. American Telephone came back a little after a three-point fall. Coca-Cola dipped about 2, reaching a new low for the past year.

Among stocks given support were Southern Pacific, Southern Railway, Santa Fe, Great Northern preferred, and Patino Mines. The last named attaining a new 1941-42 high.

(By H. A. Humber Ltd.)

Do Jones averages closed today as follows:  
30 Industrials—113.89, off .90  
20 rails—27.51, up .24  
20 utilities—14.84, off .10  
Total sales, 630,000 shares.

## Wheat

WINNIPEG (CP)—Wheat futures prices on Winnipeg Grain Exchange closed 1/4 cent lower to unchanged today with May at 78 1/2 cents a bushel and July at 79 1/2 cents.

Chief feature of trading here was the reported sale for export to Eire of about 200,000 bushels of Canadian wheat.

Chicago wheat prices were 1/4 lower and Winnipeg 1/4 lower to unchanged near the close.

The export business was reflected slightly in the pit with some buying by mills and selling attributed to outside interests.

Cash wheat was purchased in odd carlots for rail shipment east. Shippers bought some oats and barley in small quantities and there was a little investment activity in rye.

### Safety Invention Led To Modern Parachute Troops

After Robert Cocking fell to his death in 1837, there were some persons in England who said: "It is foolish for a man to make a parachute leap from a great height. There is too much danger of his being killed."

Long before any British balloonist tried a descent, certain Frenchmen had proved they could use parachutes with success. A French aviator named Garnerin had visited England and had made a successful leap before a large crowd.

Yet the British public seemed against the idea of further trials when 39-year-old John Hampton said he would like to try one. Important men said he should not be allowed to make a test. Yet they could find no law against it. Hampton listened to their words, but replied, "Cocking fell to his death last year because his parachute was not of the right kind. I have another kind and am sure I can come down safely."

Up he went, in a basket with an umbrella-shaped parachute above it. A balloon pulled the parachute to a height of almost two miles.

The parachute was 15 feet wide and had thick whalebone ribs. Strong cords held the ribs to a copper tube at the centre.

This shows English idea of what should happen to any parachute soldier landing in their midst.

No other person made the ascent with Hampton. He cut the ropes which held him to the balloon. The balloon then rose higher and exploded.

Down came Hampton. For 13 minutes he dropped slowly toward the ground and his landing was quite safe.

More than a hundred years passed since then. Today we are in a war in which parachutes are being used as never before. Sometimes they save aviators whose planes are going to crash. In other cases they are employed as a means of attack.

Russia was the first nation to train "parachute troops" on a wide scale. But Hitler's Nazis took up the idea. Thousands of men were dropped in Holland when that little country was invaded.

Later the Nazis landed parachute armies on the Island of Crete. Mainly by this means they took it away from the Greeks and British.

For many months the people of Great Britain have been making ready for an invasion attempt. Believing that parachute troops would be employed in such an attempt, they have made careful plans to deal with them.

### HOROSCOPE

**JANUARY 8**

Benefic aspects are noted for today. There may be a great deal of activity with regard to household matters. Women should be especially fortunate. Legal matters are favored.

Persons whose birthdate it is have the augury of an eventful year. Children born on this day may be diligent and studious.

### Better English

1. What is wrong with this sentence? "I shall go inside of a few days."
2. What is the correct pronunciation of "decrepit"?
3. Which one of these words is misspelled? Judgment, acknowledgment, management.
4. What does the word "metalurgy" mean?
5. What is a word beginning with fa that means "to make easy"?

### Answers

1. Say, "I shall go within a few days."
2. Pronounce as spelled, de-krep-it, second e as in bet, and not de-krep-id, sometimes heard.
3. Management.
4. The science and art of extracting metals from their ores, refining them, and preparing them for use. (Pronounce met-lur-j, u as in fur, accent first syllable).
5. Facilitate.

Germany is reported to be using sound waves to locate schools of fish.

### THIS CURIOUS WORLD

By William Ferguson

### Dorothy Dix's Letter Box

DEAR DOROTHY DIX—I have a wife who has never shown my family any of the courtesies or the consideration which, as my people, they have a right to expect. I dare not even ask my mother to my home for a meal, for if I do my wife will stage some disgraceful scene. All day long, as head of a large department, I battle with other personalities, and when I go home I must have peace at any price, for I have no resistance left, so I submit to my wife's tyrannies. I have neither respect nor love for her, nothing but contempt, and I live with her solely because of my children, for whom I am trying to keep a home together. Am I a worm?

DISCOURAGED.

Answer: No. Far from it. You are a martyr. I think no men in the world are greater heroes than those who for the sake of their children live through the hell of a marriage that a mean woman can make for her husband. It takes courage and endurance to do that, because it is a ceaseless torture, and it is made the worse because it is so hopeless.

The man knows it will never end; that his wife will never change. What he is to do under such circumstances I do not know, for the hour when he might have made his fight for liberty and decent treatment is gone.

DOROTHY DIX.

### United Nations

WASHINGTON (CP)—It looks as if the term "united nations" is going to be preferred in this war to the designation "allies" used in the first Great War.

In his speech Tuesday President Roosevelt spoke of "we of United Nations," alluding to the 26-nation agreement made pub-

lic last Friday pledging a war to the finish against the Axis and promising no separate peace by any of the participants.

That agreement was headed "declaration by united nations."

It was reported the President did most of the drafting of the declaration and personally selected the term "united nations" in preference to allies or to associated powers.

## Want Civilian Defence Minister

## Action, Not Talk, Urged by War Board

The time for talk is past and the need for action is urgent, members of the City Council's war board decided Tuesday as they dispatched a telegram to Prime Minister W. L. Mackenzie King with definite suggestions for civilian protection.

The telegram asked appointment of a special minister to care for civilian defence and a definite program of action to protect citizens in the Pacific coast area.

The text of the telegram follows: "Re: air raid precautions and civilian defence, the war emergency committee of the City Council strongly urges that a civilian defence minister be appointed and stationed on the Pacific coast with full authority to make all arrangements in connection with civilian defence. We consider air raid precautions or organizations should be uniform through the entire Pacific coast area and that numbers of personnel and their equipment, fire fighters and equipment, should be laid down by your government."

**PRESENT METHODS HAPHAZARD**

"Present haphazard methods

should not continue. We also request that all men and women be enrolled for compulsory service, either with armed forces or for civilian defence duty. Extended hours of duty for volunteer workers, especially fire fighters, is not practical. We are gravely concerned about the whole situation, which calls for immediate action."

The war board voiced definite opinion it did not want to see protection measures snarled in red tape. Existing conditions were such the city might be caught flat-footed in the event of a raid, it was pointed out. Present A.R.P. workers are enrolled on a voluntary basis and could remain home if they thought they were needed by their families. Such action, it was pointed out, might leave the A.R.P. organization struggling with inadequate staffs.

The board called for a clear definition of the duties of the mayor and council in the event of an attack here and asked that equipment for first aid posts and district wardens be standardized.

A new department of civil defence, members thought, should be created without delay by the federal government to lay down

requirements for auxiliary fire equipment, for air raid shelter policy and such items as control centres for A.R.P. work.

## NEED SKILLED DIRECTOR

Other matters reviewed by the board Tuesday included provision for evacuation of the area if such a course became necessary, plans to supply respirators for civilian use and protection measures for the waterworks.

It was suggested the federal government must have had some person studying A.R.P. work in Britain. Such a person would be in a position to give direction to Pacific Coast centres for civilian protection, and should be sent to this area to mobilize its personnel and resources for the work, it was said. Mayor McGavin reported the telegram sent to Ottawa following Monday's council meeting calling for speedy delivery of air raid sirens here, had brought the following reply from Hon. Ian Mackenzie, Minister of Pensions and National Health:

"A retail order has been placed and production is proceeding under high priority. The urgency is fully appreciated. The provincial government will be kept advised regarding deliveries."

The board contends the sirens should have been here by now, a month after the outbreak of war in the Pacific.

The war board comprised Mayor McGavin and Aldermen Archie Wells, Lloyd Morgan and John Worthington.

## Bishop Adams Elected Metropolitan of B.C.

VANCOUVER (CP)—Rev. Walter Robert Adams, pioneer Church of England clergyman in western Canada and presently Bishop of Kootenay, Tuesday night was elected metropolitan of the ecclesiastical province of British Columbia and Archbishop of Kootenay.

The election was made at a meeting here of Anglican bishops of the province, who were unanimous in according the 64-year-old clergyman and scholar the highest office of the Anglican Church in British Columbia.

The new archbishop succeeds A. U. de Pender of New Westminster, who retired a year ago. Under Anglican procedure an archbishop is recognized as chairman of the ecclesiastical province to which he is elected and therefore assumes the title of the diocese from which he is elevated.

Ordained in England in 1902, Archbishop Adams first went to parishes in Saskatchewan, where he was also chaplain of the 16th Saskatchewan Light Horse, returned to England for a period, then came to British Columbia, where he was consecrated first Bishop of Cariboo in 1925. He remained there until 1934, when he went to Nelson as second Bishop of Kootenay.

Born in London, Eng., in 1877, the new archbishop graduated from Durham University in 1900. He was curate of Lambeth from 1904 to 1907, when he came to Canada, taking parishes at Baring and Whitehead in Saskatchewan. He was rector at Indian Head, Sask., 1909-1912, and from 1912 to 1913 assistant secretary of the Archbishop, western Canada fund.

Returning to England in the latter part of 1914, he lectured at St. Katharine's College, Tottenham, until 1919, when he was appointed inspector of schools for Southwark diocese. Six years later he returned to Canada and was consecrated first Bishop of Cariboo.

P.O. WALTER LOCK, son of Mr. and Mrs. F. Lock, 939 Esquimalt Road, who received his wings at the end of November and was given his commission shortly after his arrival on leave in Victoria, is now in Britain. Before joining up he attended Esquimalt High School and Victoria College, joining the R.C.A.F. last March.

## ATLANTIC BATTLE NOW BEING WON

LONDON (CP)—Canadian trade figures "strikingly reveal how Hitler is losing the Battle of the Atlantic," Canada House says in a statement disclosing that in the first 11 months of 1941 Canada exported goods to Britain valued at more than \$600,000,000.

The statement contains a statistical review by Trade Minister J. A. MacKinnon, who wrote that exports to the United Kingdom in the period under review more than doubled those of the corresponding "mainly peacetime period of 1939."

"Thus," the statement says, "the attempts of the enemy to isolate Britain through his raider and submarine blockade resulted only in a great increase of trade in both directions."

"The fateful Battle of the Atlantic is being won."

Word has been received by his parents, Mr. and Mrs. Edwin Parsons, Ganges, Salt Spring Island, of the safe arrival in England of their third son, L.A.C. Douglas Parsons, R.A.C.F. (above), Douglas, who was born on the island, received his education at Ganges public and Consolidated High School, matriculating in radio technician course in Vancouver last November. He is a grandson of W. C. Holt, 1325 Esquimalt Road.

A part-wool blanket should contain at least 25 per cent wool to be noticeably warmer than an all-cotton blanket, says a home economist.

Underwood's INBUILT speed gives WINGS to typists!

● Think of it! 290 words a minute... 400% faster than typists usually write... that's the proven speed built into the Underwood Typewriter.

Few typists can hope to use half of that amazing speed-reserve; but, like the 100-miles-an-hour built into today's motor car, it assures supreme operating ease at ordinary speeds—and lets any fingers fly faster!

With Underwood's championship speed and 22 exclusive features, up soar production, accuracy and quality of work—down drop operator fatigue and costs! Get a "proof" demonstration today—phone Underwood now!

## UNDERWOOD TYPEWRITER

Winner of 32 world's championships for speed and endurance!
